FISCAL NOTE ANALYSIS

STATE OF ALASKA
2025 LEGISLATIVE SESSION

—

Analysis

HB 121 enacts practice privilege in Alaska for certified public accountancy firms (“firms”) that have a principal place of business outside of Alaska, do not have an office in Alaska, and are more than half-owned by certified public accountants (CPAs) licensed in or outside of Alaska. This means those firms will not need to obtain Alaska firm permits, they can operate in Alaska under their firm permit/license issued by another state under “practice privilege”.

The Division of Corporations, Business and Professional Licensing anticipates minimal fiscal impact and will incorporate any regulations changes into planned regulatory updates, and does not anticipate fiscal impact from this legislation.

Professional licensing programs within the Division of Corporations, Business and Professional Licensing are funded by Receipt Supported Services, fund source 1156 Rcpt Svcs (DGF). Per AS 08.01.065, licensing fees for each occupation are set so the total amount of revenue collected approximately equals the occupation’s actual regulatory costs.
