ANALYSIS: *(Attach a separate page if necessary)*

This bill requires companies that offer health care insurance in Alaska cover routine patient care costs incurred by a patient enrolled in an approved clinical trial related to cancer. The coverage provided must include the costs of prevention, diagnosis, treatment, and palliative care of cancer. The health care insurer is required to provide coverage under this section only if the patient's treating physician determines that there is no clearly superior non-investigational treatment alternative; and available clinical or preclinical data provide a reasonable expectation that the treatment provided in the clinical trial will be at least as efficacious as any non-investigational alternative.

ANALYSIS: <i>(Attach a separate page if necessary)</i>
SB 010 amends the Medicaid statute (AS 47.07.030) to add a new subsection (e) that requires the program to pay for Medicaid covered services for Medicaid recipients even when provided as part of an approved clinical trial related to cancer.
The bill would be effective on January 1, 2010. It is not expected to result in an increase in Medicaid expenditures as Medicaid already covers these services.
