

Please see the information below in response to the questions regarding the fiscal note for HB 183:

Does this come with a higher note if the BSA is increased to \$700? What are the expected costs with a \$700 BSA? (or whatever is pass by the Senate/House today?)

- Yes, a change in the base student allocation (BSA) would affect the expected costs in the fiscal note. If the BSA is increased to \$6,660, the baseline cost would increase to \$2,291.0 (in thousands). The annual increase to accommodate program growth would be \$335.3 (in thousands).

Can you explain why the numbers change from 2026 to 2031?

- The change is due to an estimate of anticipated growth in the number of approved districts that are eligible for pre-elementary ADM funding. The fiscal note anticipates an increase of eligible districts as they utilize the [Early Education Program Grant](#) to develop and improve district programs toward foundation funding eligibility.

If you have any further questions or concerns, please don't hesitate to reach out, thank you!

Jake Almeida
