FISCAL NOTE ANALYSIS

STATE OF ALASKA
2026 LEGISLATIVE SESSION

BILL NO. SB136

Analysis

SB 136 prohibits discrimination by financial institutions, payment networks, or their agents against firearm retailers in payment processing, doing business with a prospective customer, or taking action to impede customers or merchants in firearms transactions. This bill prohibits a firearm code to be used in a transaction that distinguishes a firearm retailer from a general merchandise retailer or a sporting goods retailer. The bill creates a complaint mechanism with the Attorney General and empowers the Attorney General to investigate complaints and file lawsuits for injunctions, per day penalties up to \$10.0 for violations, and an award of full attorneys' fees. The bill also states that the State and its political subdivisions may not knowingly keep or cause to be kept a list, record, or registry of privately owned firearms or owners of privately owned firearms.

The Division of Banking and Securities does not anticipate fiscal impact from this legislation.
