7    **BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

8            **WHEREAS** the state's seafood industry contributes over \$5,000,000,000 annually to  
9    the economy of the state, \$125,000,000 in state, municipal, and federal taxes, and  
10   \$7,300,000,000 in total United States economic activity; and

13           **WHEREAS** the state's seafood industry brought in an annual average of  
14   \$1,500,000,000 in ex-vessel value in 2023 and 2024 and employed over 19,000 commercial

1 fishermen, 58 percent of whom were state residents; and

2 **WHEREAS** the state's seafood industry accounts for 62 percent of all state residents  
3 employed in manufacturing, which is over 21,000 workers; and

4 **WHEREAS** the state's seafood industry faces an existential and global threat in the

15 2014; and

16 **WHEREAS** the United States is the largest market for the state's seafood products,  
17 accounting for approximately one-third of total annual sales of the state's seafood; and

18 **WHEREAS** the removal of Russian products from the United States domestic market  
19 is a reasonable response to the closure of the Russian market to United States seafood,  
20 provides a fair opportunity for domestic seafood producers to balance sales and recover lost  
21 profits, and ensures that consumers in the United States receive the highest quality seafood;  
22 and

23 **WHEREAS** the National Oceanic and Atmospheric Administration found that  
24 declines in the state's seafood industry in 2022 and 2023 resulted in more than 38,000 job  
25 losses nationwide and a \$4,300,000,000 loss in United States gross domestic product; and

26 **WHEREAS**, on April 15, 2021, Executive Order 14024, establishing a national  
27 emergency to address threats posed by Russia, prohibited the direct import of Russian seafood  
28 products into the United States; and

29 **WHEREAS** Executive Orders 14066 and 14068, issued on March 8 and March 11,  
30 2022, respectively, broadened the scope of that prohibition, banning the import of Russian  
31 seafood products entering the United States through third-party countries; and

1       **WHEREAS** the executive orders were extended for an additional year on April 10,  
2   2025, and are scheduled to expire April 15, 2026;
