To Whom it May Concern:

I am writing in support of SB52 requiring all ballots be counted by end of day on election day. This makes perfect sense and ends the controversy over late-appearing ballots. Thank you.

To the Honorable Senators Hughes and Kowasaki and Committee,

I support SB 52 which helps insure ballots are counted and reported in a timely and secure manner. This bill will increase efficiency and does not interfere with a citizen's voting rights. What is most important is that the timely vote counting will help assure the voting public that the votes are secure and voting integrity is assured. People are more likely to vote if they know their ballot will be counted in a uniform and secure manner.

Thank you for listening to my concerns,

Cheryl R Kajdan

Subject: SB 52 Elections-Ballots

Good morning Senator Hughes,

Thank you for sponsoring a "common sense" bill. There should be a deadline in counting ballots. The day of the election. Ballots that trickle in over numerous days is just fuel for doubt and conspiracy theories. This is a first step in restoring Alaskan's confidence in the electoral system. I cannot imagine any financial institution allowing mortgage payments to trickle in "whenever". Or maybe assignments throughout the school year. Or showing up for work/duty in an untimely manner. Plan ahead. Due dates are good and bring order.

Thank you,

Marty (Martha) Kincaid
