FISCAL NOTE ANALYSIS

STATE OF ALASKA
2026 LEGISLATIVE SESSION

BILL NO. HB261

Analysis

This bill proposes allocating funds to districts based on the current year's average daily membership (ADM) count for the upcoming fiscal year, with exceptions beneficial to district funding. Provisions that affect the public education (Foundation) funding formula:

- Removes the current hold harmless provision for districts experiencing a five percent or greater drop in ADM at the school size factor (AS 14.17.410).
- Provides four options for the intensive services funding factor (AS 14.17.420). Note: timelines identified in the bill for payment to districts in the month following the count date are not likely to be met, due to conflicts with other laws regarding submittal, verification, and appeal processes.
- Provides that ADM is based on greater of current year ADM or previous three-year average ADM (AS 14.17.450)
- Requires payment of additional funds in current year if intensive student count increases (AS 14.17.610)
- Provides option for using a previous three-year average ADM for determining whether a facility qualifies as a school (AS 14.17.905).
- Removes minimum ADM for funding alternative programs as a separate school for the purposes of a school size factor adjustment (AS 14.17.905).

The definition of "previous three-year average ADM" uses the data from the three count period prior to the current year count. For this fiscal note the previous three-year average ADM and intensive student counts were based on FY2023-2025 and compared to the current FY2026 preliminary counts to determine estimated funding for FY2027-FY2032. Correspondence ADM was from FY2026 preliminary counts.

This bill takes effect July 1, 2026 (FY2027).

See School Finance & Facilities (component 2737) fiscal note for regulation discussion.
