Line	Backup Page(s)	Bill Section	Bill Page	Bill Line	Department	Component	Language	Trans Type	Change Record Title	Description	UGF Amount	DGF Amount	Other Amount	Fed Amount	Total Amount	PFT	PPT	NP
1	OPERATING NUMBERS SECTION (Regular Supplemental)																	
2	1	1	2	12	Commerce (8)	AK Oil & Gas Conservation Commission (3269)	N	Suppl	Correct Negative General Fund Appropriation for Carbon Activity	In the fiscal year (FY) 2026 operating budget, general funds were inadvertently removed in the Alaska Oil and Gas Conservation Commission (AOGCC) appropriation resulting in a negative appropriation. As a result, the FY2026 appropriation to the AOGCC reflected a beginning negative general fund balance. This supplemental corrects the negative balance, which will result net zero general funds to AOGCC in FY2026.	\$ 40.9	\$ -	\$ -	\$ -	\$ 40.9	-	-	-
3	2	1	2	15	Commerce (8)	AEA Rural Energy Assistance (2600)	N	Suppl	Railbelt Transmission Organization (RTO) Receipts and Administrative Costs	House Bill 307, signed into law on July 31, 2024, (Chapter 24, SLA 2024), made the Railbelt Transmission Organization (RTO) a division of the Alaska Energy Authority (AEA) for administrative purposes. The AEA administers contracts on behalf of the RTO and will need to reflect the amount of AEA's agreed-upon share of the RTO's estimated contractual costs (legal and technical costs) in the budget. This mirrors the structure of the Bradley Lake Management Committee, as specified in the bill's intent language. Increased legal fees and studies are anticipated in FY2026 for the investigation of the RTO tariff at the Regulatory Commission of Alaska (RCA). The RCA specifically invited AEA to participate as an intervenor in the tariff filing docket. As an intervenor in the RTO docket, the AEA will be responsible for any legal and contractual costs. As a result, additional authority is needed in FY2026 to support participation in the docket and the potential need to hire subject matter experts and/or outside legal counsel. Funds are available in the Railbelt Energy Fund.	\$ 250.0	\$ -	\$ -	\$ -	\$ 250.0	-	-	-
4	3	1	2	21	Corrections (20)	Institution Director's Office (1381)	N	Suppl	Increase Authority to Support Operational Needs within Correctional Facilities and Inmate Transportation Unit	Additional funding is necessary for the Department of Corrections to cover personal services costs required to maintain minimum staffing levels within the Division of Institutions and ensure 24/7 operational readiness. The current shortfall is driven by heightened staffing requirements for safety and security, response to critical incidents, unrealized vacancy savings, and unbudgeted overtime. Over the past two fiscal years, insufficient budget authority has resulted in shortfalls exceeding \$22 million, with recent reductions further exacerbating the FY2026 projected shortfall. Fully funding personal services is critical to stabilizing operations, safeguarding public safety, and eliminating payroll suspense adjustments.	\$ 20,000.0	\$ -	\$ -	\$ -	\$ 20,000.0	-	-	-
5	4	1	2	23	Corrections (20)	Community Residential Centers (2244)	N	Suppl	Community Residential Center Bed Contractual Obligations	Additional authority is needed for the Community Residential Centers (CRC) contract costs due to increased utilization and final negotiated contracts for Anchorage, Bethel, Juneau and Nome locations. The CRC beds assist the Department of Corrections in managing the offender population placed under the department's care and provides a viable alternative to institutional "hard" beds, allowing offenders to be monitored within the community. The CRC beds are used as a means of transitioning offenders back into the community and to house probation violators, furloughs, and confined placements. Furlough placements allow offenders to work in the communities and receive programming as needed. The CRCs are also used for those offenders qualifying for electronic monitoring placement but do not have a primary or approved residence.	\$ 1,117.5	\$ -	\$ -	\$ -	\$ 1,117.5	-	-	-
6	5	1	2	26	Corrections (20)	Physical Health Care (2952)	N	Suppl	Health Care Operational Needs	Additional funding for medical staffing will allow the department to cover personal services costs to maintain minimum staffing levels and provide timely, high-quality care within the facilities. The shortfall is driven by increased chronic medical needs, more medically fragile inmate population, unrealized budgeted vacancy factors, and rising demands for medical services.	\$ 2,952.5	\$ -	\$ -	\$ -	\$ 2,952.5	-	-	-
7	6	1	2	31	Educ & Early Development (5)	AK State Council on the Arts (3193)	N	Suppl	Increase Federal Authority to Support America 250 Program	The Alaska State Council on the Arts has received an increase in federal grant funding from the National Endowment for the Arts. As the semi-quincentennial of the United States approaches in 2026, the National Endowment for the Arts is supporting projects that celebrate the nation's diverse artistic heritage and creativity across all 50 states and six jurisdictions.	\$ -	\$ -	\$ -	\$ 12.9	\$ 12.9	-	-	-
8	7	1	3	5	Educ & Early Development (5)	AK Perf Scholarship Awd (2990)	N	Suppl	Additional FY2026 Alaska Performance Scholarship Support	In order to award the Alaska Performance Scholarship (APS) and APS Step-Up to all eligible students for the 2025-2026 academic year (AY), the Alaska Commission on Postsecondary Education requests a fiscal year (FY) 2026 supplemental increase from the Higher Education Investment Fund (HEIF). The current estimates reflect 3,412 APS recipients for the 2025-2026 AY, an increase of more than 900 recipients. Funding is requested to ensure there is funding available for APS eligible students that enroll in postsecondary college and career and technical education programs. This increase includes much higher than anticipated eligibility rates, higher award amount levels (more students qualifying for Level 1), and the new Step-Up provision in which eligible students move up to a higher-level award amount (from APS Level 3 to 2 or 1). These increases directly support and align with the original intent of House Bill (HB) 148 (Chapter 4, SLA 2024), passed in June 2024, to increase access to and eligibility and usage of the APS. The funding request maximizes the seven percent HEIF funding cap.	\$ -	\$ 2,214.4	\$ -	\$ -	\$ 2,214.4	-	-	-
9	8	1	3	7	Educ & Early Development (5)	Alaska Education Grants (3340)	N	Suppl	Additional FY2026 Alaska Education Grants Support	The Alaska Education Grants (AEG) will increase as a result of the projected Alaska Performance Scholarship (APS) increase. The total scholarship and grant funding is appropriated with a two-thirds to one-third structure, in which two-thirds are available for the APS and one-third is available for the AEG. Therefore, if the amount appropriated for the APS increases, a corresponding amount needs to be appropriated for the AEG. In accordance with Alaska Statute (AS) 14.43.915(c), the total amounts available annually to the Alaska Commission on Postsecondary Education for payment of grants under AS 14.43.400 - 14.43.420 and for payment of scholarships under AS 14.43.810 - 14.43.849, one-third of the combined amount in the accounts established under (a) and (b) of this section shall be available solely for payment of grants awarded under AS 14.43.400 - 14.43.420. The APS fiscal year (FY) 2026 supplemental funding request necessitates an FY2026 Supplemental AEG request in the amount of \$1,107.2 in Higher Education Investment Funds (HEIF). The funding request maximizes the seven percent HEIF funding cap.	\$ -	\$ 1,107.2	\$ -	\$ -	\$ 1,107.2	-	-	-

Without this supplemental request, the Division of Commercial Fisheries will be required to reduce or cancel research and assessment projects.	\$ 74.6	\$ 4.1	\$ 64.0	\$ -	\$ 142.7	-	-	-
14	13	1	3	20	Fish and Game (11)	Statewide Fisheries Mgmt (2171)	N	Suppl	Adjustment for ASEA Lump Sum Payment	The original change record to adjust for the lump sum payment that was recently negotiated in the Alaska State Employees Association (ASEA) contract did not include seasonal full-time employees. Without this supplemental request, the Division of Commercial Fisheries will be required to reduce or cancel research and assessment projects.	\$ 11.6	\$ -	\$ -	\$ 5.0	\$ 16.6	-	-	-
15	14	1	3	26	Health (16)	Beh Health Admin (2665)	N	Suppl	Add Program Receipt Authority for Behavioral Crisis Services	<p>The Division of Behavioral Health (DBH) receives funding in the form of statutory designated program receipts from the National Association of Mental Health Program Directors. While the funding is defined as one-time, there have been and will continue to be awards of funding to Alaska.</p> <p>Additional statutory designated program receipt authority is needed to receive and spend the awards.</p> <p>This funding is in the form of Transformation Transfer Initiative Grants utilized by states to identify, adopt, and strengthen innovative initiatives to better serve children and youth with serious emotional disturbance and adults with serious mental illness. Within DBH the funds are utilized for:</p> <p>1) Development and provision of a comprehensive suite of online trainings on crisis services for the behavioral health workforce. 2) Crisis training and professional development for the non-clinical crisis workforce. 3) A mapping system for youth and adult services to streamline continuity of care processes and build bridges within the state's current crisis system. 4) To improve and identify care coordination and navigation resources for primary care providers, hospitals, and schools to support rapid access to behavioral health services for children and families for crisis prevention and follow up care.</p> <p>Without the requested statutory designated program receipt authority, the above efforts would need to be paused.</p>	\$ -	\$ -	\$ 500.0	\$ -	\$ 500.0	-	-	-

FY2026 Supplemental Bill Summary

Line	Backup Page(s)	Bill Section	Bill Page	Bill Line	Department	Component	Language	Trans Type	Change Record Title	Description	UGF Amount	DGF Amount	Other Amount	Fed Amount	Total Amount	PFT	PPT	NP
16	15	1	3	29	Health (16)	Pub Asst Field Svcs (236)	N	Suppl	Add Authority for Eligibility Systems Amid Rising Operating Costs	<p>The Division of Public Assistance (DPA) relies on multiple essential information technology systems to determine eligibility and deliver benefits for programs such as Medicaid, SNAP, and other critical public assistance services. Operating costs for these systems have steadily increased, and additional funding is needed to maintain uninterrupted operations and ensure Alaskans continue to receive the benefits they depend on. A primary driver of these increases is necessary technology modernization, including ongoing system licensing, maintenance, and support costs that shift from capital expenditures to operating costs once system development is complete.</p> <p>Additional budget authority is needed to support these essential technology systems and operations that are required to determine eligibility and administer public assistance statewide. These operating costs, which include software licensing, system maintenance, and integration services, are not eligible under the division’s current capital appropriations.</p> <p>Between FY2023 and FY2026, operating software costs for key systems increased by approximately \$25.7 million without a corresponding increase to the base budget:</p> <p>Alaska’s Resource for Integrated Eligibility Services (ARIES): \$17,000.0 increase Supports eligibility determination, case management, benefit issuance, workflow automation, reporting, and integration with other state systems.</p> <p>ILINX®: \$735.5 increase Provides user-friendly online forms, automated document capture and workflow, and integration with ARIES, reducing manual processing times.</p> <p>Income and Eligibility Verification System (IEVS): \$3,562.8 increase Verifies income and employment against SSA, IRS, and state unemployment records.</p> <p>Comprehensive Resource, Eligibility, and Verification Tracking (Current): \$1,126.0 increase Facilitates case management, interfaces with IEVS and ARIES, tracks benefits, and reduces manual handling.</p> <p>Multiple Smaller Systems: \$3,256.8 increase</p> <p>The department was able to leverage Medicaid Services for \$3,069.9 federal and \$1,565.8 general fund, reducing the supplemental need for systems costs to \$21,041.9.</p> <p>Without adequate funding these core systems could experience delays, errors, or interruptions in service delivery. Such disruptions would compromise program integrity, compliance with federal mandates, and the security of sensitive client data.</p>	\$ 11,272.5	\$ -	\$ -	\$ 9,769.4	\$ 21,041.9	-	-	-
17	16	1	3	29	Health (16)	Pub Asst Field Svcs (236)	N	Suppl	Maintain the Division of Public Assistance Virtual Contact Center	<p>The Division of Public Assistance’s Virtual Contact Center plays a critical role in ensuring uninterrupted service delivery for Alaskans and meeting the Center for Medicare and Medicaid Services’ requirement to operate a call center. This essential resource handles 20,000 to 24,000 calls monthly, providing telephonic applications, outbound calls, and eligibility support.</p> <p>The existing contract averages \$1,000.0 per month, for an estimated total cost of \$12,000.0.</p> <p>The Virtual Contact Center enables state eligibility technicians to focus on processing applications rather than managing call center duties. This separation of responsibilities has proven to be a successful strategy to:</p> <ul style="list-style-type: none">- Ensure Compliance - The operation aligns with federal and state regulations, maintaining critical compliance with the Center for Medicare and Medicaid Services requirements.- Address Backlog - The call center helps prevent the accumulation of pending applications by streamlining telephonic and outbound communication processes.- Avoid Delay - By efficiently managing high call volumes, the center minimizes processing delays for Alaskans seeking assistance.- Reduce Administrative Cost - Helps avoid additional costs or penalties that might arise from inefficiencies or regulatory noncompliance. <p>Discontinuing this service would place additional strain on the division, delay access for eligible Alaskans to benefit programs, compromise service delivery, and jeopardize compliance with federal and state mandates. For these reasons, sustaining the Virtual Contact Center is a critical investment in the division’s ability to fulfill its mission.</p>	\$ 1,554.4	\$ -	\$ -	\$ 4,345.6	\$ 5,900.0	-	-	-

FY2026 Supplemental Bill Summary																		
Line	Backup Page(s)	Bill Section	Bill Page	Bill Line	Department	Component	Language	Trans Type	Change Record Title	Description	UGF Amount	DGF Amount	Other Amount	Fed Amount	Total Amount	PFT	PPT	NP
18	17	1	3	31	Health (16)	Women, Infants and Children (1013)	N	Suppl	Address Rising WIC Food Costs	<p>With the rising cost of food, the Women, Infants, and Children (WIC) program requires additional authority to continue issuing WIC vouchers at levels sufficient to meet participant needs. Previously, the department relied on multi-year federal authority that termed out at the end of FY2025.</p> <p>The purpose of WIC is to provide nutrition assistance and education to pregnant women, postpartum women, infants up to one year old, and children up to ages five through electronic benefits to purchase specific healthy foods including milk, cheese, eggs, fruit, vegetables, whole grains, infant formula and baby foods, cereal, legumes, and peanut butter.</p> <p>Without increased federal authority, the program will face constraints in providing eligible families with access to nutritious foods, jeopardizing maternal and child health outcomes. Additional authority ensures the program can keep pace with inflationary pressures, maintain compliance with federal nutrition standards, and uphold its mission of supporting the health and well-being of Alaska’s most vulnerable women, infants, and children.</p> <p>If additional authority is not approved, the WIC program will be unable to fully fund participant benefits. This would force the state to reduce or restrict WIC voucher amounts, directly limiting access to nutritious foods for women, infants, and children who rely on the program. Reduced benefits could lead to poorer health outcomes, increased food insecurity, and higher long-term healthcare costs. It could also place the state at risk of noncompliance with federal nutrition standards, damaging program integrity and jeopardizing future federal support.</p> <p>This increment provides sufficient federal authority to fully utilize federal WIC grants.</p>	\$ -	\$ -	\$ -	\$ 4,500.0	\$ 4,500.0	-	-	-
19	18	1	4	3	Health (16)	PH Admin Svcs (292)	N	Suppl	Increase Federal Receipt Authority for Grant Awards	<p>The Division of Public Health (DPH) requests additional federal receipt authority to fully expend awarded federal funds and sustain essential public health services. Authority is needed to support ongoing program operations, personnel costs, medications, data modernization, and critical laboratory and emergency preparedness activities.</p> <p>Additional authority is requested for the following federal awards:</p> <p>--Overdose Data to Action (OD2A), Comprehensive Opioid, Stimulant, and Substance Use Program (COSSUP) (\$850k) that supports opioid and overdose prevention, provider and health system response activities, partnerships with public safety and first responders, and expanded toxicology testing. Authority is needed to maintain current response capacity.</p> <p>--Public Health Emergency Preparedness (PHEP) and Epidemiology and Laboratory Capacity (ELC) (\$400k) for support staff, contracts, training, supplies, biosafety, laboratory surveillance, and emergency response. Included is the BSL-3 laboratory reassembly and autoclave installation project, which is critical for safe handling and decontamination of infectious materials and protection of staff and the public.</p> <p>--Ryan White HIV/AIDS Supplemental grant (\$600k) to support AIDS Drug Assistance Program (ADAP) medications. Authority is required to ensure uninterrupted access to life-saving medications.</p> <p>--Preschool Development Grant B-5 (\$2.5 million) supports statewide early childhood systems building, including alignment of birth-to-five programs, data systems, and service coordination. Authority is needed to implement grant activities.</p> <p>Without this additional authority, DPH will be unable to fully expend federal awards or sustain federally funded public health services and infrastructure. This federal receipt authority is necessary to maintain continuity of services and protect the life, health, and safety of Alaskans.</p>	\$ -	\$ -	\$ -	\$ 4,350.0	\$ 4,350.0	-	-	-
20	19	1	4	6	Health (16)	Senior Benefits Payment Program (2897)	N	Suppl	Maintain the Senior Benefits Payment Program	<p>Additional general funds are needed to support the Senior Benefits Payment Program as a result of higher-than-average caseload recipients and applicants. The program provides approximately 10 percent of Alaska seniors age 65 and older with a monthly cash benefit of \$125, \$175, or \$250, based on income defined in AS 47.45.302(b).</p> <p>Average monthly participation in the Senior Benefits Payment Program has increased over the past several fiscal years, driven by sustained enrollment levels and a growing volume of pending applications. In fiscal year (FY) 2024, average monthly enrollment totaled 10,640 recipients, with an average of 1,440 pending applications, for a combined monthly caseload of 12,080. In FY2025, average enrollment increased to 11,275 recipients, while pending applications averaged 1,159, resulting in a total monthly caseload of 12,434. In FY2026, enrollment is averaging 11,215 recipients, with pending applications increasing to an average of 1,486, for a total monthly caseload of 12,701.</p> <p>The FY2026 budget for the Senior Benefits Payment Program is \$23,542.3. Total expenditures from July through December 2025 equal \$12,180.0. Based on recent expenditure patterns and historical growth trends, total FY2026 expenditures are projected to be \$24,664.6.</p> <p>An additional \$1,125.0 in general fund authority is needed to ensure benefits are paid at the full statutory amount for the anticipated higher caseload.</p>	\$ 1,125.0	\$ -	\$ -	\$ -	\$ 1,125.0	-	-	-

FY2026 Supplemental Bill Summary																		
Line	Backup Page(s)	Bill Section	Bill Page	Bill Line	Department	Component	Language	Trans Type	Change Record Title	Description	UGF Amount	DGF Amount	Other Amount	Fed Amount	Total Amount	PFT	PPT	NP
21	20	1	4	9	Health (16)	Rate Review (2696)	N	Suppl	General Fund Program Receipts for Certificate of Need and Emergency Medical Transport Programs	<p>The Department of Health requests a supplemental increase of \$177.6 in general fund program receipts authority within the Rate Review section for the Certificate of Need (CON) and the Supplemental Emergency Medical Transport (SEMT) programs. This increase will bring total authority to \$220.0, aligning budget authority with actual revenue collected for CON application fees and SEMT reimbursements. Current authority is \$42.4, while revenue collections were \$103.9 in fiscal year 2024 and \$207.2 in fiscal year 2025.</p> <p>Revenue growth has been driven by increased CON application activity and higher participation in the SEMT program. CON fees are collected when health care providers submit applications for large projects requiring department approval. SEMT reimbursements are based on annual cost reports submitted by eligible publicly owned and operated Medicaid providers, which determine supplemental payments for emergency medical transports.</p> <p>Revenue collections for both programs exceeded original projections because prior estimates relied on historical data that did not account for recent program growth.</p>	\$ -	\$ 177.6	\$ -	\$ -	\$ 177.6	-	-	-
22	21	1	4	11	Health (16)	Medicaid Svcs (3234)	N	Suppl	Align Authority for Medicaid Payments to Service Providers	<p>This funding authority addresses an increase in state costs for services on behalf of Medicaid eligible Alaskans. This increase is based on a projection of current spending data approximately halfway through fiscal year (FY) 2026 and consideration of pending items against current budgeted authority. Contributing factors to the cost increase include Indian Health Services reclaiming and a 53rd Medicaid weekly payment for FY2026.</p>	\$ 36,436.8	\$ -	\$ -	\$ 420,001.7	\$ 456,438.5	-	-	-
23	22	1	4	17	Natural Resources (10)	Fire Suppression Preparedness (2705)	N	Suppl	Interagency Authority Increase in Fire Suppression Preparedness	<p>The Division of Forestry & Fire Protection (DOF) is requesting expanded inter-agency receipt authority to collect revenues from State of Alaska agencies through reimbursable services agreements. These agreements enable the DOF to provide all-hazard support outside of the fire season. Utilizing existing State employees aims to reduce costs and improve operational efficiency. During fiscal year 2025, there was an increase in requests for all-hazard support, utilizing DOF firefighting personnel for all-hazard response efforts. Examples include pumping water from homes affected by flooding in the Northwest Arctic, clearing fallen trees from roadways after a winter storm in the Fairbanks area, and assisting with removing fallen trees from a local park. With the increased level of support, current authority is insufficient.</p>	\$ -	\$ -	\$ 1,500.0	\$ -	\$ 1,500.0	-	-	-
24	22	1	4	17	Natural Resources (10)	Fire Suppression Preparedness (2705)	N	Suppl	Adjustment for ASEA Lump Sum Payment	<p>The original change record for the lump sum payment adjustment that was recently negotiated in the Alaska State Employees Association (ASEA) contract did not include seasonal full-time employees. All lump sum payments were distributed from the general fund.</p>	\$ 304.1	\$ -	\$ 14.9	\$ 22.6	\$ 341.6	-	-	-
25	23	1	4	20	Natural Resources (10)	Office of History and Archaeology (451)	N	Suppl	National Historic Preservation Fund	<p>The National Historic Preservation Fund (NHPF) grant is the core funding mechanism for the Office of History and Archaeology (OHA), supporting responsible development by funding federally required reviews under Section 106 of the National Historic Preservation Act and the State's cultural resource database. Section 106 reviews are required for construction projects with any state or federal involvement, including federal funding for state improvement projects (e.g. roads, bridges, airports). This grant allows the State Historic Preservation Office to conduct these reviews, which ensures that adequate protection of historical landmarks, cultural sites, and historic buildings occurs in the project planning process. The NHPF grant requires a 40 percent State match.</p>	\$ 530.2	\$ -	\$ -	\$ 795.3	\$ 1,325.5	-	-	-
26	24	1	4	26	Revenue (4)	AK Retirement Mgmt Board (2813)	N	Suppl	Outside Legal Services Through the Department of Law	<p>The Alaska Retirement Management (ARM) Board requires routine legal review as part of due diligence investment requirements. The Department of Law provides all legal services to the ARM Board for all investments. To better serve the ARM Board's private market investments, the Department of Law has contracted with outside legal counsel. This cost is a passthrough from the Department of Law to the ARM Board.</p>	\$ -	\$ -	\$ 150.0	\$ -	\$ 150.0	-	-	-
27	25	1	4	28	Revenue (4)	Perm Fund Dividend Div (981)	N	Suppl	Federal Postage Rate Increase	<p>The United States Postal Service (USPS) increased the cost of first-class metered mail by five cents in July 2025. This results in a projected \$16.8 thousand cost increase to the Permanent Fund Dividend Division's postage budget.</p>	\$ -	\$ -	\$ 16.8	\$ -	\$ 16.8	-	-	-
28	25	1	4	28	Revenue (4)	Perm Fund Dividend Div (981)	N	Suppl	New Dividend Application Information System Cloud Server and Data Hosting Development Costs	<p>The division's new information system, the Dividend Application Information System (DAIS), is currently under development. The development and test servers are hosted in the State of Alaska's Microsoft Azure Native cloud tenant. These costs are outside the scope of the development contract and must be covered by the division. Prior-year expenses were absorbed through lapsing unrestricted general funds in the appropriation. The department is not projecting available lapse balances in fiscal year (FY) 2026 due to legislative reductions and the magnitude of this cost.</p>	\$ -	\$ -	\$ 150.0	\$ -	\$ 150.0	-	-	-
29	26	1	4	31	Revenue (4)	AHFC Operations (110)	N	Suppl	Housing Choice Voucher Program	<p>The Alaska Housing Finance Corporation (AHFC) has experienced an increase in the cost of housing assistance disbursed through the Housing Choice Voucher Program, driven by rising rental costs across the state of Alaska. A federal increment of \$14.8 million is needed to address the projected cost increase for fiscal year (FY) 2026.</p> <p>Additionally, a \$500.0 personal services federal operating increment to cover the costs is necessary to upgrade the Corporation's Housing Choice Voucher Program workforce. Over the last 12 years, the AHFC's Public Housing Department has seen a substantial increase in the number of specialty voucher programs administered. In 2014, one voucher program was managed; today, more than 18 programs are administered, each with a unique set of requirements, rules, and compliance regulations.</p>	\$ -	\$ -	\$ -	\$ 15,300.0	\$ 15,300.0	-	-	-
30	27	1	5	5	Transportation & Public Facilities (25)	Measurement Standards & Commercial Vehicle Compliance (2332)	N	Suppl	Annual Maintenance & Support for Oversize and Overweight Permitting System	<p>Annual funding is requested to support the continued licensing, hosting, and technical support of the Alaska Statewide Oversize and Overweight Permitting (AKSWOOP) system. AKSWOOP is a proprietary, revenue-generating application that is critical to the operations of the Department of Transportation and Public Facilities Measurement Standards and Vehicle Compliance program. This system plays a vital role in managing oversize and overweight vehicle permits across Alaska, helping to ensure safe routing, protect infrastructure, and improve safety for the traveling public. Continued investment in AKSWOOP supports operational efficiency and enhances economic growth.</p>	\$ -	\$ -	\$ 84.0	\$ -	\$ 84.0	-	-	-
31	28	1	5	9	Transportation & Public Facilities (25)	Central Region Highways and Aviation (564)	N	Suppl	Right of Way Encroachment and Homeless Camp Abatement	<p>Support homeless abatement efforts along State-maintained roadways, particularly in high-traffic areas critical to public safety and commerce. Additional funding will support contracting with private sector partners for debris removal, vegetation clearing, and fence and structure repairs, ensuring roadway safety and compliance.</p>	\$ -	\$ 500.0	\$ -	\$ -	\$ 500.0	-	-	-

51	OPERATING LANGUAGE SECTION (Regular Supplemental)																	
52	43	7	14	1	Administration (2)	Office of Public Advocacy (43)	Y	MultiYr	Additional Funding for Contractor Support to Address Criminal Case Backlog (FY26-FY27)	<p>Sec. XX. DEPARTMENT OF ADMINISTRATION.</p> <p>The sum of \$3,300,000 is appropriated from the general fund to the Department of Administration, legal and advocacy services, office of public advocacy, to address case backlogs for the fiscal years ending June 30, 2026, and June 30, 2027.</p> <p>Alaska’s criminal justice system is still working through a major backlog of cases caused by the two-year shutdown of jury trials during the COVID-19 pandemic, earlier growth from Senate Bill 91, and the opioid crisis. The Alaska Supreme Court has ordered that older cases move immediately to trial, but the Office of Public Advocacy’s (OPA) attorneys are already committed through 2026 with serious felony trials. Independent contractors are carrying much of the overflow to keep trials moving and meet court deadlines. To attract qualified attorneys, the OPA increased both the hourly rate of pay and the maximum billable cost per case in FY2024 after more than a decade without changes. These changes were adopted through the regulatory process under 2 AAC 60.010 and 2 AAC 60.030, with Department of Law review and administration approval.</p> <p>The agency’s plan is to reduce reliance on contractors over the next four years as in-house attorneys gain capacity to take on more trials.</p>	\$ 3,300.0	\$ -	\$ -	\$ -	\$ 3,300.0	-	-	-

63	53	13	16	17	Debt Service (35)	Jail Construction Reimb (2870)	Y	Suppl	FY2026 Reduced Interest Expenses Due to Bond Refunding	* Sec. XX. DEBT AND OTHER OBLIGATIONS. Section 41(k), ch. 10, SLA 2025, is amended to read: (k) The amount necessary for payment of obligations and fees for the Goose Creek Correctional Center, estimated to be \$14,894,358 [\$16,170,163], is appropriated from the general fund to the Department of Administration for that purpose for the fiscal year ending June 30, 2026. As part of a bond refunding related to the Mat-Su's 2015 Bonds, the 2025A and 2025B Bonds were issued. The transaction reduced the state's total lease-purchase payments for the Goose Creek Correctional Center in FY2026 as well as future fiscal years. Additionally, an escrow was funded as part of the 2025B bond closing for the optional redemption of the remaining 2015 bonds, and investment earnings from that escrow will be used in FY2026 to reduce interest expense of the new bonds.	\$ (1,275.8)	\$ -	\$ -	\$ -	\$ (1,275.8)	-	-	-
64	54	10	15	19	Special Appropriations (58)	Judgments, Claims and Settlements (3008)	Y	Suppl	FY2026 Judgments, Claims, and Settlements	* Sec. XX. DEPARTMENT OF LAW. (a) The sum of \$32,024 is appropriated from the general fund to the Department of Law, civil division, deputy attorney general's office, for the purpose of paying judgments and settlements against the state for the fiscal year ending June 30, 2026. Following are the amounts related to judgments and settlements of the State: Eastman v. Dunleavy and State of Alaska - \$20,250.00 In the Matter of Redistricting - \$11,773.01	\$ 32.0	\$ -	\$ -	\$ -	\$ 32.0	-	-	-
65	55	14	16	23	Fund Capitalization (52)	Fire Suppression Fund (3451)	Y	Suppl	Add Interagency Authority in the Fire Suppression Fund	* Sec. XX. FUND CAPITALIZATION. (a) Section 43(v), ch. 10, SLA 2025, is amended to read: (v) The sum of \$52,982,700 [\$50,482,700] is appropriated to the fire suppression fund (AS 41.15.210) for fire suppression activities from the following sources: (1) \$5,000,000 [\$3,000,000] from statutory designated program receipts; [AND] (2) \$47,482,700 from the general fund; and (3) \$500,000 from interagency receipts. Additional interagency (IA) receipt authority is needed to allow the Division of Forestry & Fire Protection (DOF) to collect revenues from State of Alaska agencies via reimbursable services agreements. Due to the increased involvement of emergency firefighting (EFF) personnel in all-hazard response efforts such as flooding, storm damage, and snow removal, the current authority has proven inadequate. Utilizing existing State employees reduces costs and improves operational efficiency.	\$ -	\$ -	\$ 500.0	\$ -	\$ 500.0	-	-	-
66	55	14	16	23	Fund Capitalization (52)	Fire Suppression Fund (3451)	Y	Suppl	Add Statutory Designated Program Receipt Authority in the Fire Suppression Fund	* Sec. XX. FUND CAPITALIZATION. (a) Section 43(v), ch. 10, SLA 2025, is amended to read: (v) The sum of \$52,982,700 [\$50,482,700] is appropriated to the fire suppression fund (AS 41.15.210) for fire suppression activities from the following sources: (1) \$5,000,000 [\$3,000,000] from statutory designated program receipts; [AND] (2) \$47,482,700 from the general fund; and (3) \$500,000 from interagency receipts. Additional statutory designated program receipt (SDPR) authority is needed to allow the Division of Forestry & Fire Protection (DOF) to collect revenue from parties of the Northwest Compact (NWC), which includes reciprocal agreements with various states and Canadian provinces. In fiscal year (FY) 2026, an increment of \$1,500.0 of SDPR authority was appropriated, increasing the total authority from the original budget of \$1,500.0 to \$3,000.0. However, this amount has proven insufficient due to the heightened fire activity in the lower 48 states, necessitating greater use of DOF firefighters and resources. This request seeks to further increase the total SDPR authority to \$5,000.0. The advantages of employing the NWC include accelerated resource allocation and more efficient billing procedures. In contrast to the crossbill system, where the billing/reimbursement cycle may extend up to five years, the NWC generally completes these financial transactions within one to two years. Denial of this request will hinder the DOF from invoicing for fire suppression assistance provided to the NWC during the 2025 fire season (FY2026), and as a result, will impede the DOF's ability to collect the associated revenue.	\$ -	\$ -	\$ 2,000.0	\$ -	\$ 2,000.0	-	-	-

72	60	16	17	8	Corrections (20)	Capital	Y	ReAprop	REAPPROP: Statewide Radio Upgrades and Replacements	Sec. XX. DEPARTMENT OF CORRECTIONS: CAPITAL. The unexpended and unobligated balance, not to exceed \$3,033,189, of the appropriation made in sec 14, ch. 11, SLA 2022, page 122, lines 30 - 31 (Department of Corrections, Hiland Mountain Intake Administration Project - \$3,200,000), is reappropriated to the Department of Corrections to upgrade and replace outdated handheld radio systems and associated communications equipment.	\$ -	\$ -	\$ 3,033.2	\$ -	\$ 3,033.2	-	-	-
73	62	17	17	14	Military and Veterans' Affairs (9)	Capital	Y	Suppl	State Homeland Security Grant Programs	* Sec. XX. DEPARTMENT OF MILITARY AND VETERANS' AFFAIRS: CAPITAL. The unexpended and unobligated balance, not to exceed \$130,000, of the appropriation made in sec. 14, ch. 11, SLA 2022, page 125, lines 21 - 23 (Alaska Military Youth Academy (AMYA) Construction, Contingency, and Planning - \$750,000), is reappropriated to the Department of Military and Veterans' Affairs to provide matching funds for the state and local cybersecurity grant.	\$ -	\$ -	\$ 130.0	\$ -	\$ 130.0	-	-	-
74	63	18	17	21	Transportation & Public Facilities (25)	Capital	Y	Carryfwd	Statewide Deferred Maintenance, Renovation, and Repair Lapse Carryforward	* Sec. XX. DEPARTMENT OF TRANSPORTATION AND PUBLIC FACILITIES: CAPITAL. (a) The unexpended and unobligated balance on June 30, 2026, of the Alaska capital income fund (AS 37.05.565) is appropriated to the Department of Transportation and Public Facilities for statewide critical deferred maintenance, renovation, and repair.	\$ -	\$ -	\$ -	\$ -	\$ -	-	-	-
75	64	18	17	24	Transportation & Public Facilities (25)	Capital	Y	ReAprop	REAPPROP: Emergency Weather, Catastrophic Events, and Unforeseen Critical Maintenance Needs	The State's transportation assets are regularly damaged by catastrophic events and natural weather occurrences, such as ice jams, floods, earthquakes, slope failures, windstorms, and heavy snows. When unforeseen and unplanned incidents or critical needs arise, the department needs to immediately react and the costs are often unbudgeted, exceeding the department's ability to absorb within annual operating budgets. These funds will provide the department with a vital tool to respond proactively or restore transportation service to communities and to minimize disruptions to commerce.	\$ -	\$ -	\$ 5,122.0	\$ -	\$ 5,122.0	-	-	-
