## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2026 LEGISLATIVE SESSION

BILL NO. SB196

### Analysis

SB196 seeks a sustainable funding source to enhance crisis response and to improve access to critical services. This bill establishes a \$0.98 monthly surcharge on phone lines to create the designated behavioral health crisis services fund within the general fund. The Department of Administration (DOA) will account for the surcharge collected and deposit it into the fund. The Legislature may appropriate funds to the Department of Health annually to support the 988 behavioral health crisis hotline, crisis services for individuals in need, recruitment and retention of mental health professionals, specialized training for at-risk communities, to support public awareness of the 988 hotline and crisis services available in the state and for data collection, analysis, and quality improvement efforts to enhance service effectiveness.

The Legislature may appropriate funds from the behavioral health crisis services fund to the Division of Behavioral Health. It is uncertain how much will be appropriated; therefore, an indeterminate fiscal note is submitted.
