Subject: In strong support of SB203
Date: Thursday, February 12, 2026 1:40:35 PM

Mr. Chair and members of the Senate State Affairs Committee,

I am writing in support of SB 203. This bill is very clear what specific weapon will be prohibited:

“a device designed, made, or adapted to convert a handgun 6 into a firearm that is capable of shooting more than one shot 7 automatically, without manual reloading, by a single function of the 8 trigger”

SB203 is not in conflict with protections in the Second Amendment *nor* the Alaska Constitution. *Other devices* are already identified in state law as being prohibited.

What this bill does is strengthen safety for myself, my neighbors and especially my five school-age grandchildren. That is why I ask for your support of this bill.

Respectfully,
Joyanne Bloom
