FISCAL NOTE ANALYSIS

STATE OF ALASKA
2026 LEGISLATIVE SESSION

BILL NO. SB 193

Analysis

SB 193 will allow licensed naturopaths to obtain an endorsement to allow for the prescribing and administering of prescription drugs – except controlled substances, poison, cancer chemotherapeutic drugs, and antipsychotic drugs. For the first year, a naturopath will obtain a temporary endorsement and be under the supervision of a physician. After the year of supervision, the supervising physician will report to the Department of Commerce, Community, and Economic Development whether they believe the naturopath should be issued a permanent endorsement, denied a permanent endorsement, or have their temporary endorsement extended and remain under supervision for a longer period. The department will then decide on the application for the permanent endorsement accordingly.

If the bill passes the following expenses may be incurred.

Services:	\$20.0	Legal costs related to investigations in FY2027 and beyond
	\$4.1	Legal costs to amend regulations FY2027 only

Professional licensing programs within the Division of Corporations, Business and Professional Licensing are funded by Receipt Supported Services, fund source 1156 Rcpt Svcs (DGF). Per AS 08.01.065, licensing fees for each occupation are set, and adjusted biennially as needed, so the total amount of revenue collected approximately equals the occupation's actual regulatory costs.
