**MATANUSKA-SUSITNA BOROUGH  
RESOLUTION SERIAL NO. 17-012**

A RESOLUTION OF THE MATANUSKA-SUSITNA BOROUGH ASSEMBLY SUPPORTING ALASKA STATE HOUSE BILL NO. 6, ESTABLISHING THE JONESVILLE PUBLIC USE AREA.

---

WHEREAS, the Jonesville Mine/Slipper Lake area near Sutton, over the past few years; gradually turned into a lawless area that included one shooting death; several near misses; numerous poorly thought out unorganized shooting areas; shots fired at working construction equipment and residential houses; numerous four-wheeler accidents; massive partying with alcohol and other drugs; garbage; human waste and many other thoughtless, unsafe, and undesirable activities; and

WHEREAS, upwards of 20 truck and trailer loads of garbage and contaminants are picked up from the grounds in the area and taken to the local transfer station by community volunteers each year; and

WHEREAS, Sutton community members became concerned and attempted to improve the area, but the undesirable uses grew faster than local solutions, and

WHEREAS, the community of Sutton provided its own resources and funds to clean and monitor the Jonesville area, even though the jurisdiction over the lands lies with the state of Alaska; and

WHEREAS, signage has not been placed to designate public use activities including shooting and off-road recreational vehicles; the State has not provided signs without a management plan in place; and

WHEREAS, the Sutton Community Council established "The Jonesville/Slipper Lake Action Committee" in November 2015, that gathered widespread community input and participation, to determine a course of action to improve the situation on public lands in and around Sutton, known as Eska and Jonesville mining areas; and

WHEREAS, the Sutton community sought help from Borough Planning and Land Management officials, Alaska State Department of Natural Resources, and Alaska State Troopers; and

WHEREAS, a management plan and agreement can only be put in place after the area has been declared a Public Use Area by State legislation; and

WHEREAS, legislation would allow a management plan which would protect the homes and property of local citizens in Sutton; reduce all-terrain vehicle accidents; provide needed safe places for recreational shooting; mitigate illegal dumping; and generally provide a healthier, cleaner and safer environment for public multiple use activities; and

WHEREAS, the area being wrecked by crazy behavior is beautiful and has potential for family camping, picnicking,

controlled shooting, hiking and other outdoor activities; and

WHEREAS, the state of Alaska controls the active and abandoned mining leases and the moose range located in the Jonesville area, which has a long history of public use under the Department of Natural Resources; and

WHEREAS, the Jonesville/Slipper Lake Action Committee and other stakeholders have reviewed the history and determined a course of action needs to be taken for the benefit of the community of Sutton and the safety of the general public; and

WHEREAS, the current problems are similar to the Jim Creek area lands a few years ago prior to the establishment of the Knik River Public Use Area (KRPUA), and

WHEREAS, the steady establishment of the KRPUA of a shooting range, designated trails, and other things have dramatically reduced violence, crime, alcohol and other drugs, and changed the character of the land use to be more family friendly; and

WHEREAS, the areas adjacent to the main Sutton community are beautiful, accessible areas with great potential to have similar camping, safe shooting areas, designated trails and more family friendly activities.

NOW, THEREFORE, BE IT RESOLVED, that the Matanuska-Susitna Borough Assembly enthusiastically supports the establishment of a Public Use Area by the state of Alaska for purposes of recreation in the Jonesville/Slipper Lake area.

BE IT FURTHER RESOLVED, that the Borough will assist and coordinate efforts to develop a public use plan and supports the enabling legislation, House Bill 6, now before the 30th Alaska Legislature.

ADOPTED by the Matanuska-Susitna Borough Assembly this 7 day of February, 2017.

TO: Representative George Rauscher/ Distinguished Members of the 30<sup>th</sup> Alaska Legislature

FROM: Eric Phillips, Community Development Director, Matanuska-Susitna Borough

RE: **Letter of Support for Legislation Establishing the Jonesville Public Use Area**

It is my understanding that legislation is to be introduced this session to establish the Jonesville Public Use Area. As manager for Borough lands within the 25,000 square miles that comprise the Mat-Su Borough, I want to go on-record as being very supportive of this effort. I believe that this is the right direction for the Citizens, the Borough, and the State.

The Jonesville area currently suffers from many of the problems/issues that once afflicted what is now the Knik River Public Use Area (KRPUA). Rampant and uncontrolled shooting, under-age partying, vehicle burning, and many other associated destructive activities have unfortunately become the norm in the Jonesville area. Further, the greater Sutton community has essentially been left on its own to grapple with the lawlessness, damage and related community impacts.

No too many years ago, we saw a very similar situation in the KRPUA and the Butte area. However, once the KRPUA was formally established by the legislature and the plan was completed for the area, considerable progress has been made by the State, the Borough, the community, as well as various user groups to dispel much of the area's "Wild West" reputation. In fact, the Borough has invested substantially in improving recreation infrastructure on its lands adjoining the KRPUA. As a result, the area is becoming increasingly 'family-friendly' while maintaining a vast majority of the recreation values that make it so popular. We hope to continue to work with the State until we have fully turned the corner.

This is all because the State made the conscience decision to establish the KRPUA. I believe that the Jonesville area can have a similar positive outcome, and the first step is to establish the Jonesville Public Use Area. I am ready to assist the State in this effort in any way I can, and sincerely hope the legislature will take this vital first step.

## RESOLUTION OF SUPPORT FOR THE JONESVILLE PUBLIC USE AREA

- WHEREAS: the Sutton Community Council saw a need to establish a committee called, "The Jonesville/Slipper Lake Action Committee" in November 2015, to determine a course of action with regard to the publically used land area located in Sutton, Alaska known as Eska and Jonesville mining areas,
- WHEREAS: the Jonesville Mine area, Eska Mine area and parts of the Moose Range located in the Sutton area will be collectively titled "Jonesville Area" in the following items denoting those areas in this resolution,
- WHEREAS: the State of Alaska controls the active and abandoned mining leases and the moose range located in the Jonesville Area,
- WHEREAS: the Jonesville Area has a history of intended public use by the State of Alaska Department of Natural Resources,
- WHEREAS: it has been determined that The State of Alaska, Department of Natural Resources (DNR) has spent approximately [nine] million dollars of Federal Reclamation Funds to alter the Jonesville Area's abandoned and active coal leases to a recreational state of condition prior to 2013,
- WHEREAS: the DNR chose not to establish a management plan for the safety of the public when designing and implementing their public use area,
- WHEREAS: realizing the State's obvious disregard for: public safety, air, land and water contamination, and the inhabitants of the Sutton community; the community of Sutton provided its own resources and funds to clean and monitor the Jonesville Area without jurisdiction,
- WHEREAS: multiple four wheeler accidents, an accidental shooting death and other multiple near miss shooting incidents has occurred in the area since 2013,
- WHEREAS: local homes have been damaged by stray bullets since 2013,
- WHEREAS: the general public has contaminated Slipper Lake by throwing community provided "porta-potties" into Slipper Lake,
- WHEREAS: hundreds of tent campers, motorhomes and camping trailers have congregated on weekends during the summer months to the area,
- WHEREAS: thousands of visitors to the area have no public restrooms to "relieve" themselves creating unsanitary conditions in the surrounding landscape,
- WHEREAS: upwards of 20 truck and trailer loads of garbage and contaminants are picked up from the grounds in the area and taken to the local transfer station by community volunteers each year,

WHEREAS: signage has not been placed to designate public use activities including shooting and off-road recreational vehicles; the State will not provide signs without a management plan in place,

WHEREAS: a management plan and agreement can only be put in place after the area has been declared a Public Use Area by State legislation,

WHEREAS: legislation would allow a management plan which would protect the homes and property of local citizens in Sutton, reduce all-terrain vehicle accidents, provide needed public safety for recreational shooting, mitigate illegal dumping and generally provide a healthier, cleaner and safer environment for public multiple use activities.

WHEREAS: The Jonesville/Slipper Lake Action Committee and other stakeholders has reviewed the history and determined a course of action needs to be taken for the benefit of the community of Sutton and the safety of the general public,

WHEREAS: THE SUTTON COMMUNITY COUNCIL COMES now forward and recommends and supports a Senate and House Bill to designate the Jonesville Area the Jonesville Public Use Area.
