**Date:** Monday, February 16, 2026 11:43:29 AM

---

**House Labor and Commerce Committee Chair and Members,**

I am writing to you to urge you to **oppose House Bill 195 / Senate Bill 147** at every opportunity and to vote **NO** on **HB 195 / SB 147**.

**HB 195 / SB 147** is not a healthcare modernization bill, but *a trojan horse for further abortion deregulation*.

**\*\*Record my OPPOSITION to HB 195 / SB 147 in the bill record.\*\***

My Petition to **OPPOSE** and vote **NO** on **HB 195 / SB 147**:

*Stop all attempts to allow abortion by any means. Pharmacies & medical professions are for life-giving, not life-ending.*

*Whereas: Chemical Abortions* have *surged to 59%* of all abortions in 2024, claiming *720 babies lives*.

*Whereas: HB 195 / SB 147* create a **legal gateway** for **Pharmacists to Dispense Chemical Abortions**, crossing a line no state should permit;

*Whereas: HB 195 / SB 147* align with the national push to convert pharmacies into *abortion convenience stores* and is patterned after Washington State's **Pharmacist Abortion Access Project**;

*Whereas: Alaska's Courts* have already expanded abortion access beyond licensed physicians to *Nurse Practitioners, Physician Assistants, and Nurse Midwives*. **HB 195 / SB 147** would *expand abortion access into pharmacies*, turning them into *Alaska's Abortion Pill Mills*.

*Whereas: God made man in His own image* (Genesis 1:26), *human life begins at conception*, and God instituted government to protect the right to live (Genesis 9:6);

**THEREFORE: I urge ALL of Alaska's Elected Representatives** to vote **NO** and **STOP HB 195 / SB 147**, the **gateway to Pharmacy Dispensed Abortions**, *without apology, exception or compromise*.

***Do not make Alaska the next link in the chain of death, forged by convenience and ratified by cowardice.***

**Date:** Monday, February 16, 2026 12:11:08 PM

---

**House Labor and Commerce Committee Chair and Members,**

I am writing to you to urge you to **oppose House Bill 195 / Senate Bill 147** at every opportunity and to vote **NO** on **HB 195 / SB 147**.

**HB 195 / SB 147** is not a healthcare modernization bill, but *a trojan horse for further abortion deregulation.*

**\*\*Record my OPPOSITION to HB 195 / SB 147 in the bill record.\*\***

My Petition to **OPPOSE** and vote **NO** on **HB 195 / SB 147**:

*I am urging you to vote **NO** on **SB 147** and or **HB 195**, opening the way for chemical abortions across our state. Last summer, a young woman I know well, was given the abortion pill when it was discovered her baby had died in her womb. That night, she woke up with tremendous pain and bleeding. Her husband rushed her to the hospital where she was kept for several days. If she had not gone into the hospital that night, she would have bled to death.*

*When I think of these pills going anywhere, but especially to our rural towns and villages, far from medical care and blood supplies, I am appalled that you would consider this for a moment.*

*I am strongly opposed to killing babies in the womb but I am also emphatically opposed to murdering pregnant mothers.*

*This bill has law suit written all over it.*

**Whereas: Chemical Abortions** have surged to **59%** of all abortions in 2024, claiming **720 babies lives**.

**Whereas: HB 195 / SB 147** create a **legal gateway** for **Pharmacists to Dispense Chemical Abortions**, crossing a line no state should permit;

**Whereas: HB 195 / SB 147** align with the national push to convert pharmacies into **abortion convenience stores** and is patterned after Washington State's **Pharmacist Abortion Access Project**;

**Whereas: Alaska's Courts** have already expanded abortion access beyond licensed physicians to **Nurse Practitioners, Physician Assistants, and Nurse Midwives**. **HB 195 / SB 147** would **expand abortion access into pharmacies**, turning them into **Alaska's Abortion Pill Mills**.

**Whereas: God made man in His own image** (Genesis 1:26), **human life begins at conception**, and God instituted government to protect the right to live (Genesis 9:6);

**THEREFORE: I urge ALL of Alaska's Elected Representatives** to vote **NO** and **STOP HB**

195 / SB 147, the gateway to Pharmacy Dispensed Abortions, *without apology, exception or compromise.*

*Do not make Alaska the next link in the chain of death, forged by convenience and ratified by cowardice.*

## CITIZENS COMMISSION ON HUMAN RIGHTS

February 16, 2026

HOUSE LABOR & COMMERCE COMMITTEE

HB 195 - PHARMACIST PRESCRIPTION AUTHORITY

Dear Representative:

Please vote NO on HB 195. HB 195 should not be used to create pharmacists prescribing psychiatric drugs on their own. As a psychiatric watchdog organization, our concern is the potential negative impact on the mental health of Alaska's citizens.

The first issue to address is to clarify that the independent authority to prescribe does not include psychiatric conditions – this is suggested language.

- \* Sec. \_\_. AS 08.80.337(b) is amended by adding a new paragraph to read:  
(4) A pharmacist's independent authority under this subsection does not include the diagnosis or treatment of psychiatric or behavioral health conditions.

Our second major point is that (for HB 195N) there should be no ambiguity on psychiatric prescribing under collaborative practice agreements or independent authority.

- \* Sec. \_\_. AS 08.80.337 is amended by adding a new subsection to read:  
(f) A pharmacist may not prescribe or initiate treatment with a drug primarily used for the management of a psychiatric or behavioral health condition, including antidepressants, antipsychotics, mood stabilizers, anxiolytics or sedative-hypnotic medications except as permitted under AS 17.20.085 or another specific statutory authority.

We provide another amendment – see attachment #1 for strengthening the guardrails on prescribing under a collaborative practice agreement.

Allowing pharmacists with a practice specialty in psychiatric medications to prescribe simply opens the door to more psychiatric treatment failures like those we have been experiencing over the last 50 years.

**“Whatever we’ve been doing for five decades, it ain’t working.** And when I look at the numbers—the number of suicides, number of disabilities, mortality data—it’s abysmal, and it’s not getting any better.” - Thomas Insel, *former Director of National Institute of Mental Health*

A pharmacist is not a stand-alone healthcare practitioner. The training for a Psychiatric Pharmacist contains repeated mentions of collaboration with a team, such as at a clinic or hospital. The other part of the equation, different from an infection or other physical diseases, is that mental health disorders are not based on traditional healthcare, but rather subjective diagnosis, in the eye of the practitioner.

**“There are no objective tests in psychiatry-no X-ray, laboratory, or exam finding that says definitively that someone does or does not have a mental disorder.”** Allen Frances, Psychiatrist and former DSM-IV Task Force Chairman

We must not be misled by psychiatric marketing hype that behavior is a disease. And we must not let this *behavior equals a drug* way of thinking pervade our healthcare delivery system, because a psychiatric label and mind-altering drugs are not healthcare, it is marketing. What people need is medical care.

**“Were you told that your only hope is to manage your symptoms by taking lifelong medications? ... “This is why it’s all the more important to explore reversible causes of what we are calling depression.”** – Kelly Brogan, M.D. - *Five Lab Tests Your Doctor Isn’t Ordering*

Creating a new category of psychiatric drug prescriber in effect forwards the drug delivery system and this is not healthcare.

"In short, with DSM, [Diagnostic and Statistical Manual of mental disorders] the psychiatrist no longer needs to spend tedious hours searching for the reasons why a patient suffers from fatigue, anxiety, dizziness, or other symptoms. He or she simply has to identify a sufficient number of such symptoms to shoehorn the patient into a "diagnostic" category." – Dr. Sydney Walker III – *A Dose of Sanity*

What individuals need is real medical care by a doctor who understands the limitations of psychiatric labels and is able to do the type of physical exam necessary to discover medical causes that can be successfully addressed.

“Many doctors don’t do physical exams before prescribing psychiatric drugs...[children] see a doctor, but the doctor does not do a physical exam or look for any health or learning problems before giving the child an ADHD diagnosis and a prescription drug. This is not how I was taught to practice medicine. In my medical education, **I was taught to do a complete history and physical exam. I was taught to consider a ‘differential diagnosis.’ To do this, one must consider all possible underlying causes of the symptoms.**” - Dr. Mary Ann Block

Please vote no on HB 195. Pharmacists should not be given the power to prescribe mind-altering psychiatric drugs.

Sincerely,

Steven Pearce  
Director

Attachment #1 – Alternate Amendment

Amendment to allow psychiatric prescribing only under strict limits under a CPA.

\* Sec. \_\_. AS 08.80.337(a) is amended to read:

(a) A pharmacist may, under a collaborative practice agreement with a written protocol approved by a practitioner who is not a pharmacist, provide patient care services; however, a collaborative practice agreement may not authorize a pharmacist to prescribe or initiate treatment with a drug used for the management of a psychiatric or behavioral health condition unless

(1) the collaborating practitioner has personally evaluated the patient within the previous 90 days; and

(2) the collaborative practice agreement expressly identifies each drug or drug class that may be prescribed by the pharmacist.

My Petition to **OPPOSE** and vote **NO** on **HB 195 / SB 147**:

*This bill and pill are not in the best interest of or way to care for women and their children. Life is difficult for everyone, but it's worth living. Life is the Ultimate Gift and we should not be taking that away from anyone, and encouraging everyone to live out theirs. Living life usually makes us stronger, more humble, brings unfathomable joys especially from the hardest of times. By making it easier for a woman to end the life of their child you've not only prevented that child's opportunity to experience life to its fullest you've now assisted a woman of choosing the "easy way out" which won't bring unfathomable joys but unfathomable sorrows, that death brings.*

*NIH 2020 study found that nearly 2/3 of pregnancy that the child tested positive for Down syndrome were aborted. My son Asher who has Down syndrome is 8 years old today. Life may look different for us and certainly for him but the joy in life he finds and shares with everyone would not have been so have I chosen to end it. If I had chose to end his life my life would look different, but it would have been void of those unfathomable Joys that Asher and only he could have brought to my life and others. Choose life to its fullest for everyone.*

**House Labor and Commerce Committee Chair and Members,**

I am writing to you to urge you to **oppose House Bill 195 / Senate Bill 147** at every opportunity and to vote **NO** on **HB 195 / SB 147**.

**HB 195 / SB 147** is not a healthcare modernization bill, but *a trojan horse for further abortion deregulation*.

**\*\*Record my OPPOSITION to HB 195 / SB 147 in the bill record.\*\***

My Petition to **OPPOSE** and vote **NO** on **HB 195 / SB 147**:

*I respectfully urge both the house and senate to NOT allow HB195 and SB 147 to pass. These bills, if passed would expand Chemical Abortion (mifepristone) access from Anchorage and Fairbanks Planned Parenthood sites to virtually all of the states. This at first could sound positive to many members thinking they are encouraging equal access to "women's healthcare availability" to more women of the state. While Danco Laboratories markets this drug as "safe" and planned parenthood claims it is "safer than Tylenol," the ETHICS and PUBLIC POLICY CENTER (EPPC) conducted the LARGEST known study on Mifepristone last year based on 6 years of insurance claims that included 865,727 Mifepristone abortions. This study found that 10.93% of women suffer sepsis, hemorrhaging, infection and other serious complication within 45 days of this procedure. If these bills are passed, expanding mifepristone access is deadly to unborn babies and dangerous to their mothers. Expanding the pharmacists' authority in any way that expands the increased availability and use of chemical abortion throughout the state is dangerous for the babies and potentially lethal to the women who use it. What happens to these women who take would be able to conveniently be able to take mifepristone to have a chemical abortion in a village in rural Alaska? What happens if there is no emergency room, no hospital, no highly skilled medical staff to stop a hemorrhage or treat against life threatening infections? The catastrophic reality is that not only would more unborn babies DIE, but that these women would likely also DIE or be fighting for their lives. Therefore, I OPPOSE this bill and URGE that this bill in BOTH HOUSE AND SENATE must fail in the Labor and Commerce Committee or be withdrawn for the sake of the lives of the unborn babies and women all over our state. Thank you.*

**Whereas: Chemical Abortions** have surged to **59%** of all abortions in 2024, claiming **720 babies lives**.

**Whereas: HB 195 / SB 147** create a **legal gateway** for **Pharmacists to Dispense Chemical Abortions**, crossing a line no state should permit;

**Whereas: HB 195 / SB 147** align with the national push to convert pharmacies into **abortion convenience stores** and is patterned after Washington State's **Pharmacist Abortion Access Project**;

***Whereas:*** Alaska's Courts have already expanded abortion access beyond licensed physicians to *Nurse Practitioners, Physician Assistants, and Nurse Midwives*. **HB 195 / SB 147** would expand abortion access into pharmacies, turning them into *Alaska's Abortion Pill Mills*.

***Whereas:*** *God made man in His own image* (Genesis 1:26), *human life begins at conception*, and God instituted government to protect the right to live (Genesis 9:6);

**THEREFORE:** *I urge ALL of Alaska's Elected Representatives* to vote **NO** and **STOP HB 195 / SB 147**, the gateway to Pharmacy Dispensed Abortions, without apology, exception or compromise.

***Do not make Alaska the next link in the chain of death, forged by convenience and ratified by cowardice.***

**Date:** Monday, February 16, 2026 11:14:01 AM

---

Dear chairs and committee members,

I am writing to request a  
No vote on SB 147  
No vote on HB 195

These bills are deadly for rural women if pharmacies can prescribe and distribute the Mifepristone Cocktail.

I personally transported a woman hemorrhaging from the second dose of the Mifepristone Cocktail.

I got her to the Fairbanks Memorial Hospital with 10 minutes.

Had she lived far away, she would have bled to death.

The ER doctor told me that they see women hemorrhaging from Mifepristone regularly because the pregnancies are healthy when the women take the pills and so they have a lot of extra blood as opposed to a natural miscarriage event. This can lead to not only hemorrhaging, but also infection and sepsis.

I live in a rural community and I do not support the distribution of Mifepristone in Alaska because I know it endangers the women in my town.

Thank you  
Pamela Samash  
Nenana AK

**Date:** Monday, February 16, 2026 10:12:54 AM

---

**House Labor and Commerce Committee Chair and Members,**

I am writing to you to urge you to **oppose House Bill 195 / Senate Bill 147** at every opportunity and to vote **NO** on **HB 195 / SB 147**.

**HB 195 / SB 147** is not a healthcare modernization bill, but *a trojan horse for further abortion deregulation*.

**\*\*Record my OPPOSITION to HB 195 / SB 147 in the bill record.\*\***

My Petition to **OPPOSE** and vote **NO** on **HB 195 / SB 147**:

*Every voice has the right to be heard.*

*Whereas: Chemical Abortions* have *surged to 59%* of all abortions in 2024, claiming *720 babies lives*.

*Whereas: HB 195 / SB 147* create a **legal gateway** for **Pharmacists to Dispense Chemical Abortions**, crossing a line no state should permit;

*Whereas: HB 195 / SB 147* align with the national push to convert pharmacies into *abortion convenience stores* and is patterned after Washington State's **Pharmacist Abortion Access Project**;

*Whereas: Alaska's Courts* have already expanded abortion access beyond licensed physicians to *Nurse Practitioners, Physician Assistants, and Nurse Midwives*. **HB 195 / SB 147** would *expand abortion access into pharmacies*, turning them into *Alaska's Abortion Pill Mills*.

*Whereas: God made man in His own image* (Genesis 1:26), *human life begins at conception*, and God instituted government to protect the right to live (Genesis 9:6);

**THEREFORE: I urge ALL of Alaska's Elected Representatives** to vote **NO** and **STOP HB 195 / SB 147**, the **gateway** to Pharmacy Dispensed Abortions, ***without apology, exception or compromise***.

***Do not make Alaska the next link in the chain of death, forged by convenience and ratified by cowardice.***

**From:** [REDACTED] on behalf of [Rosemarie Henn, Wasilla, Alaska](#)  
**To:** [House Labor and Commerce](#); [Rep. Zack Fields](#); [Rep. Carolyn Hall](#)  
**Subject:** Rosemarie Henn Urging Opposition and NO Vote on HB 195 / SB 147  
**Date:** Monday, February 16, 2026 11:39:15 AM

---

**House Labor and Commerce Committee Chair and Members,**

I am writing to you to urge you to **oppose House Bill 195 / Senate Bill 147** at every opportunity and to vote **NO** on **HB 195 / SB 147**.

**HB 195 / SB 147** is not a healthcare modernization bill, but *a trojan horse for further abortion deregulation.*

**\*\*Record my OPPOSITION to HB 195 / SB 147 in the bill record.\*\***

My Petition to **OPPOSE** and vote **NO** on **HB 195 / SB 147**:

*It is unconscionable to pass legislation that approves the use of drugs dangerous to the safety of mother and child. Approving medication that inflicts indescribable pain and fear upon a woman at home in isolation and death to her child is approving barbaric practice in drug administration.*

*This kind of practice cannot stand in the administration of health care. Health care is administrating practice that benefits the health of all persons affected by particular administration of drugs or procedures. Mifepristone and Misoprostol and similar drugs inflict pain and/or death. Approval of legislation that does not correspond to "Do No Harm" is not Health Care.*

*Whereas: Chemical Abortions have surged to 59% of all abortions in 2024, claiming 720 babies lives.*

*Whereas: HB 195 / SB 147 create a legal gateway for Pharmacists to Dispense Chemical Abortions, crossing a line no state should permit;*

*Whereas: HB 195 / SB 147 align with the national push to convert pharmacies into abortion convenience stores and is patterned after Washington State's Pharmacist Abortion Access Project;*

*Whereas: Alaska's Courts have already expanded abortion access beyond licensed physicians to Nurse Practitioners, Physician Assistants, and Nurse Midwives. HB 195 / SB 147 would expand abortion access into pharmacies, turning them into Alaska's Abortion Pill Mills.*

*Whereas: God made man in His own image (Genesis 1:26), human life begins at conception, and God instituted government to protect the right to live (Genesis 9:6);*

**THEREFORE: I urge ALL of Alaska's Elected Representatives to vote NO and STOP HB 195 / SB 147, the gateway to Pharmacy Dispensed Abortions, without apology, exception or compromise.**

***Do not make Alaska the next link in the chain of death, forged by  
convenience and ratified by cowardice.***
