FISCAL NOTE ANALYSIS

STATE OF ALASKA
2026 LEGISLATIVE SESSION

Analysis

This legislation amends Alaska law to remove the electric cooperative tax and makes electric cooperatives – as well as certain electric generation facilities or electricity storage facilities constructed and placed into service on or after July 1, 2024 – not subject to state and local ad valorem, income, and excise taxes.

The Division of Corporations, Business, and Professional Licensing is not involved in the collection of taxes. The division is simply the agency that registers electric cooperative entities in Alaska, but the change in tax law will not impact those operations. The division does not anticipate fiscal impact from this legislation.
