3	Social Security Act and for optional services offered by the state under the state plan for		
4	medical assistance that has been approved by the United States Department of Health and		
5	Human Services.		
6	It is the intent of the legislature that the Department continues to aggressively pursue		
7	Medicaid cost containment initiatives. Efforts should continue where the Department		
8	believes additional cost containment is possible including further efforts to contain travel		
9	expenses. The Department must continue efforts imposing regulations controlling and		
10	materially reducing the cost of Personal Care Attendant (PCA) services. Efforts must be		
11	continued utilizing existing resources to impose regulations screening applicants for		
12	Residential Psychiatric Treatment Center (RPTC) services, especially for out-of-state		
13	services. The department must address the entire matrix of optional Medicaid services,		
14	reimbursement rates and eligibility requirements that are the basis of the Medicaid growth		
15	algorithm. This work is to utilize the results of the Medicaid Assessment and Planning		
16	analysis. The legislature requests that by January 2010 the Department be prepared to present		
17	projections of future Medicaid funding requirements under our existing statute and regulations		
18	and be prepared to present and evaluate the consequences of viable policy alternatives that		
19	could be implemented to lower growth rates and reducing projections of future costs.		
20	It is the intent of the legislature that the Department of Health and Social Services eliminate		
21	the requirement for narrative and financial quarterly reports for all grant recipients whose		
22	grants are \$50,000 or less. This is an unnecessary burden and is not a requirement of the		
23	federal grants.		
24	It is the intent of the legislature that the Department of Health and Social Services make a		
25	single 'upfront' payment for any grant award that is \$50,000 or less and includes a signature of		
26	the grantee certifying compliance with the terms of the grant with their approved application.		
27	Signature of the grantee would also certify that if a final report certifying completion of the		
28	grant requirements is not filed, future grants will not be considered for that grantee until all		
29	requirements of prior grants are completed satisfactorily. In the event a grantee is deemed		
30	ineligible for a future grant consideration due to improper filing of final reports, the grantee		
31	will be informed about the department's procedures for future consideration of grant		
32	eligibility. The department will establish procedures to consider retroactivity for specific grant		
33	consideration or express that the retroactivity cannot be considered for certain grants during

---	-----------------------------	-------------------	-------------------	--

5 It is the intent of the legislature that the Department maintain regulations requiring all
6 residents of the Pioneer Homes to apply for all appropriate benefit programs prior to a state
7 subsidy being provided for their care from the State Payment Assistance program.

8 It is the intent of the legislature that all pioneers' homes and veterans' homes applicants shall
9 complete any forms to determine eligibility for supplemental program funding, such as
10 Medicaid, Medicare, SSI, and other benefits as part of the application process. If an applicant
11 is not able to complete the forms him/herself, or if relatives or guardians of the applicant are
12 not able to complete the forms, Department of Health and Social Services staff may complete
13 the forms for him/her, obtain the individuals' or designee's signature and submit for eligibility

27 procedures surrounding the awarding of recurring grants to assure that applicants are regularly
28 evaluated on their performance in achieving outcomes consistent with the expectations and
29 missions of the Department related to their specific grant. The recipient's specific
30 performance should be measured and incorporated into the decision whether to continue
31 awarding grants. Performance measurement should be standardized, accurate, objective and

27 Medicaid providers that clearly defines the difference between actual overpayment of funds to
28 a provider and ministerial omission or clerical billing error that does not result in
29 overpayment to the provider. The extrapolation methodology will also define percentage of
30 'safe harbor' overpayment rates for which extrapolation methodology will be applied.

31 2. Develop training standards and definitions regarding ministerial and billing errors versus
32 overpayments. Include the use of those standards and definitions in the State's audit contracts.
