ANALYSIS: (Attach a separate page if necessary)

This legislation allows, but does not require, the Commissioner of Revenue to invest state funds in the education loan fund, if the Commissioner determines that the Alaska Student Loan Corp cannot practically or economically borrow money through issuing private activity revenue bonds. This investment must be made consistent with the duties of a fiduciary and will earn a return to the state. The bill also allows, but does not require, the Commissioner to provide a bond repurchase agreement or letter of credit to the Alaska Student Loan Corp, and to require the ASLC to pay the costs associated with the repurchase agreement or letter of credit. The Department of Revenue does not expect to incur any non-reimbursed costs as a result of the passage of this bill.

Revised: \$20,000 is included in interagency receipts to reflect the amount to be paid by ACPE. Originally this would have been paid through unbudgeted RSA once the financing process began.
