I have made payroll and worked as an employer all of my working life. Along with all of the members of The Alaska Professional Hunters Association I have worked very hard to create this board and I believe in the professional guiding industry. My wife and family support my desire to serve on this board. As a member and Chairman of the previous Big Game Commercial Services Board I am aware of the exceptional audit ratings we had as a board prior to being allowed to sunset by Senator Rick Halford.

Please note that without hesitation I promote and support the nominations to this new board made by the Alaska Professional Hunters Association. Both Richard Rohrer and Brad Dennison are men of the highest level of integrity. I have given Governor Murkowski my full support and if asked to serve on this board will do my best to uphold and support his policies.

Respectfully,  
Paul Johnson
