HB 336

Sponsor Statement

House Bill 336 puts in statute the ability for telephone or electric cooperatives to allow members to vote by electronic transmission as specified by the coop's by-laws. The bill was filed at the urging of coops around the state.

Currently, coop members may only vote in person or via the postal service. This method, however, is outdated and could be having a negative impact on member participation in elections and other important matters.

By allowing telephone and electric coops to permit voting via electronic transmission approved in its by-laws, the Legislature will make it so common 21st century practices may be applied to important public involvement matters.

Coops in every corner of Alaska will be enthused the Legislature has had the foresight to pass legislation important to their public process. This bill does not make electronic transmission voting mandatory, and cooperatives choose whether they want to partake or not.

Already, however, Matanuska Telephone Association (MTA) members have voted to adopt a new bylaw allowing electronic transmission voting. All MTA, and other coops, need is for the Legislature amends the statute to allow these coops to do so.

Please help me in facilitating the quick passage of HB 336.
