

HB 346
Summary of Changes
Version \R to Version \E (L&C)

During a hearing in House Labor & Commerce HB 346 was amended.

Amendment \R.1 was adopted without objection.

Amendment \R.1 deleted the word “board” in every instance and replaced it with the word “council”. Because of this, the title was changed.

This change was mad to help avoid the confusion of having two workers’ compensation boards.

Two sections were added to the bill repealing the Medical Services Review Committee which will no longer be needed.
