11 It is the intent of the legislature that the Department continues to aggressively pursue  
12 Medicaid cost containment initiatives. Efforts should continue where the Department  
13 believes additional cost containment is possible including further efforts to contain travel  
14 expenses. The Department must continue efforts imposing regulations controlling and  
15 materially reducing the cost of Personal Care Attendant (PCA) services. Efforts must be  
16 continued utilizing existing resources to impose regulations screening applicants for  
17 Residential Psychiatric Treatment Center (RPTC) services, especially for out-of-state  
18 services. The department must address the entire matrix of optional Medicaid services,  
19 reimbursement rates and eligibility requirements that are the basis of the Medicaid growth  
20 algorithm. This work is to utilize the results of the Medicaid Assessment and Planning  
21 analysis. The legislature requests that by January 2011 the Department be prepared to present  
22 projections of future Medicaid funding requirements under our existing statute and regulations  
23 and be prepared to present and evaluate the consequences of viable policy alternatives that  
24 could be implemented to lower growth rates and reducing projections of future costs.

25 It is the intent of the legislature that the Department of Health and Social Services eliminate  
26 the requirement for narrative and financial quarterly reports for all grant recipients whose  
27 grants are \$50,000 or less. This is an unnecessary burden and is not a requirement of the  
28 federal grants.

29 It is the intent of the legislature that the Department of Health and Social Services make a  
30 single 'upfront' payment for any grant award that is \$50,000 or less and includes a signature of  
31 the grantee certifying compliance with the terms of the grant with their approved application.  
32 Signature of the grantee would also certify that if a final report certifying completion of the  
33 grant requirements is not filed, future grants will not be considered for that grantee until all

1	<b>Appropriation</b>	<b>General</b>	<b>Other</b>
2	<b>Allocations</b>	<b>Items</b>	<b>Funds Funds</b>

3 requirements of prior grants are completed satisfactorily. In the event a grantee is deemed  
4 ineligible for a future grant consideration due to improper filing of final reports, the grantee  
5 will be informed about the department's procedures for future consideration of grant  
6 eligibility. The department will establish procedures to consider retroactivity for specific grant  
7 consideration or express that the retroactivity cannot be considered for certain grants during  
8 the selection process.

9 It is the intent of the legislature that the Department of Health and Social Services continue  
10 the Medicaid Reform work to improve efficiency and slow the need for General Funds in the  
11 Medicaid program. Specifically, but not exclusively, the Department is to:

- 12 1) Complete the evaluation of possible changes to program design, determine waiver changes  
13 necessary to secure federal funding and report back to the First Session of the 27th Alaska  
14 Legislature on suggested changes, expected outcomes related to Medicaid sustainability, and  
15 resources needed to accomplish the work.
- 16 2) Develop and implement public provider reimbursement methodologies and payment rates  
17 that will further the goals of Medicaid Reform.
- 18 3) Continue and enhance the State and Tribal Medicaid work and partnership to enhance our  
19 ability to provide Medicaid services through Tribal Health Organizations.

20 It is the intent of the legislature that the Department of Health and Social Services continue  
21 and enhance its efforts to reduce fraud by both providers and beneficiaries of the Medicaid  
22 program.

23 It is the intent of the legislature that the Department of Health and Social Services continue  
24 and enhance its efforts to reduce fraud by both providers and beneficiaries of the Medicaid  
25 program.

26 **Alaska Pioneer Homes** **13,763,300**    **13,763,300**

27 It is the intent of the legislature that the Department maintain regulations requiring all  
28 residents of the Pioneer Homes to apply for all appropriate benefit programs prior to a state  
29 subsidy being provided for their care from the State Payment Assistance program.

30 It is the intent of the legislature that all pioneers' homes and veterans' homes applicants shall  
31 complete any forms to determine eligibility for supplemental program funding, such as  
32 Medicaid, Medicare, SSI, and other benefits as part of the application process. If an applicant  
33 is not able to complete the forms him/herself, or if relatives or guardians of the applicant are

4     It is the intent of the legislature that the Department of Health and Social Services complete  
5     the following tasks related to fiscal audits required in chapter 66, SLA 2003 of all Medicaid  
6     providers:

7     1. Develop regulations addressing the use of extrapolation methodology following an audit of  
8     Medicaid providers that clearly defines the difference between actual overpayment of funds to  
9     a provider and ministerial omission or clerical billing error that does not result in  
10    overpayment to the provider. The extrapolation methodology will also define percentage of  
11    'safe harbor' overpayment rates for which extrapolation methodology will be applied.

12    2. Develop training standards and definitions regarding ministerial and billing errors versus  
13    overpayments. Include the use of those standards and definitions in the State's audit contracts.  
14    All audits initiated after the effective date of this intent and resulting in findings of  
15    overpayment will be calculated under the Department's new regulations governing  
16    overpayment standards and extrapolation methodology.

17    It is the intent of the legislature that the department develops a ten year funding source and  
18    use of funds projection for the entire department.

19    It is the intent of the legislature that the department continue working on implementing a  
20    provider rate rebasing process and specific funding recommendations for both Medicaid and  
21    non-Medicaid providers to be completed and available to the legislature no later than  
22    December 15, 2010.

29    It is the intent of the legislature that the Department of Health and Social Services identify  
30    and investigate alternatives that could improve internal administrative management and  
31    accounting controls over the Medicaid program, including determining the viability of  
32    outsourcing those activities. The Department should be prepared to present its findings to the  
33    legislature during the 2011 session.
