Chief Justice Dana Fabe
Alaska Supreme Court
303 K Street
Anchorage, Ak 99501-2084

Dear Chief Justice Fabe,

I am interested in serving on the Legislative Ethics Committee. Please review my resume and this letter of interest.

Currently, I reside in Juneau and Yakutat, Alaska, where we have our second home. I have lived in southeast Alaska for almost forty years. My involvement in the local native community is through my membership in Alaska Native Sisterhood and Alaska Native Brotherhood. My family has been involved in cultural and traditional events for many years. My husband and I have supported strong family values of responsibility, hard work ethics, kindness, ties to our ancestral lands and people and being a good person.

I am a registered Democrat and my voter registration is in Yakutat. I retired from teaching in 2003.

If you have any questions, please call me at the following numbers; Juneau: 586-6937, cell- 321-2022 (does not work in Yakutat) and Yakutat: 784-3074.

Thank you for your consideration.

Sincerely,

Antoinette Mallott

Resume
Antoinette Mallott

Residence:

102 Cordova Street
Juneau, Alaska 99801

Status:

Married: Byron I. Mallott   Children: Anthony, Joseph and Benjamin

Date of Birth: October 27, 1947, Rampart, Alaska

Background:

I am an Alaskan Native and have spent my entire life in Alaska. I have been involved in education for the past thirty years, both as a teacher and parent. I strongly believe that it is imperative to develop and strengthen students' self-esteem and academic skills. It is equally important to establish a positive relationship with parents and support their involvement with their children's academic and social achievements.

My experience in the teaching profession included knowledge about the public laws of inclusion for students with learning, physical and emotional disabilities. I have worked with ESL (English Second Language) students and supported their rights to seek and obtain academic assistance in core subjects, such as reading, math and writing.

During my years of teaching at Gastineau Elementary School, I was on SCOT, a collaboration team composed of teachers, administrators and other support staff members. Our team met weekly to discuss learning and behavioral problems of students that classroom teachers were concerned about. Parents were requested to be present during these meetings. We were responsible for coming up with educational or behavioral plans to assist the students in their classrooms.

I was a Site Council member and facilitator for seven years at Gastineau. My duties included setting the monthly agendas, conducting the meetings, communication with parents, teachers and other members and carrying out the directions on decisions made for improving the school climate, safety of the students and staff and review and approval of curricula.

One of the many duties that a teacher has is writing academic and learning diagnostic reports for parents and administrators. I am confident that I possess the ability to organize, evaluate and present information effectively.
