## ANALYSIS: (Attach a separate page if necessary)

SB 237 establishes a program to fund rural school construction by establishing an account in the General Fund to receive annual appropriations based on a formula defined in the legislation. The fiscal note anticipates full expenditure of all appropriated amounts for capital in the year appropriated, although the actual cash flow may vary based on the annual CIP priority list for school construction projects. The first year of fiscal expenditure as a result of this bill will be in FY2013.

SB 237 also removes the sunset date for the existin debt reimbursement program. Anticipated increases as a result of the extension of the debt program are based on increases averaged over the prior three fiscal years. FY08-09 increased by \$2,000,000; FY 09-10 increased by \$3,000,000; and FY10-11 increased by \$6,000,000. The average of the 3 year increases are  $\$11,000,000 \div 3 = \$3,666,666$ . 70% of school debt payments, made by a municipality, will be reimbursed by the state if they meet state approved space guidelines. 60% of school debt payments will be reimbursed by the state if the municipality exceeds state approved space
