Note: This document is advisory only and is not an official application notice of the Department of Education. We expect to provide updates to this document starting in the first week of November in a fiscal year and continuing through the following July.

Note on printing: For best results, print this document in landscape orientation.

DATES

Here's how you can tell whether we've already published an application notice for a particular program or competition in the *Federal Register* and whether the dates we list in this Forecast of Funding Opportunities are actual or estimates:

If we do not follow the date in column two with an FR citation, it means that we have yet to publish the application notice, and the dates (columns, two, four, and five) are estimates only. The actual dates will appear in the official application notice for that program or competition in the *Federal Register*.

Link to Notice. In column three of the charts, after its publication in the *Federal Register*, we will provide a link to the application notice for a given program or competition.

Deadline Date for Transmitting Application. In column four of the charts, we list the actual or estimated deadline for transmitting an application under a given program or competition.
