ANALYSIS: (Attach a separate page if necessary)

Passage of this legislation will increase the minimum amounts for property values associated with property thefts.

This legislation should impact the number of offenders incarcerated under this statute by changing what is currently a felony conviction to a misdemeanor conviction. As of December 31, 2008 there were 203 offenders incarcerated under the existing legislation but the department cannot determine which of those would be considered a misdemeanor under this revised legislation. Although the fiscal impact is indeterminate, it is anticipated that the overall impact should be a reduction in the total number and cost of incarcerated offenders. (continued on page 2)

ANALYSIS CONTINUATION

At this time, data is not available for the department to calculate the number of offenders that would be now be sentenced as misdemeanors under this bill. The department will continue to work to determine the number of offenders that could potentially be impacted by passage of this legislation.
