BILL NO. SB 205

Analysis

This bill establishes an endowment fund with the purpose of funding research and restoration projects for Chinook salmon stocks located in the state. Earnings from the fund may be used for block grants to Alaska organizations for projects, as matching funds for private and federal grants, and to reimburse the Departments of Revenue and Commerce for costs associated with program administration.

The bill also establishes a seven member board consisting of the Commissioner of Fish and Game and six public members from various regions of the state.

The Department of Commerce, Community, and Economic Development is responsible for administration of the board and disbursement of funds through grants or reimbursements. The Department will be required to adopt regulations enacting a block grant program outlined in the bill.

Travel includes costs for seven board members for two face to face meetings per year, and department staff board support and grant monitoring visits.

Services include the costs for board teleconferences.

Commodities costs include preparing and publishing the public notice for the regulations one-time, and preparing applications solicitations and reports on a yearly basis.
