**Analysis**

Note: This is fiscal note 2 of 2 for the AEA Statewide Project Development component. The cost information relevant to the AEA project construction portion of this legislation is presented separately from the cost information relevant to the power of AEA to have employees (See fiscal note 1 of 2 for the costs of AEA Statewide Project Development to have employees).

Section 6, 9, and 11 of this bill expands AEA's powers to allow AEA to acquire, construct, and conduct feasibility studies of new power projects. Section 6 of the bill would amend the powers of AEA to add provisions related to new power projects. Sections 9 and 11 of the bill would empower AEA to exercise for new power projects, the existing statutory authority managing power projects which are currently limited to power projects from the pre-1993, "former energy program for Alaska."

This fiscal note reflects the costs to AEA to establish a project office in pursuit of constructing and owning the Susitna Hydro project.

**PERSONAL SERVICES: \$1,125.0** - Increased to include 8 staff for the first year as follows:

Project Manager Rg 27
