MEMORANDUM

Explanation of Changes CSSB 200\I

On page 1, on line 12, added the word "relevant" to clarify that information listed need not be collected if it isn't relevant to the conditions under which the eyewitness made his/her observations.

On page 2, added a new subsection (b) at lines 9-11, to clarify that the admissibility of eyewitness identification as evidence is not precluded by the failure of an agency to adopt procedures or to satisfy the requirement under subsection (a).

Technical changes were also made in Section 1, subsection (a)(2) on page 2 to clarify provisions about administrators of tests.
