CHALLENGES AND OPPORTUNITIES

WHAT'S AHEAD
FY 12 AND BEYOND

❑ Continue to Advance Core Services

❑ State-Federal Relations

- Areas where state and federal cooperation is working well
- Areas where a core state interest requires federal challenge

General Examples where State-Federal Cooperation is Working Well

- Department of Environmental Conservation's (DEC) air permitting program
- DEC assumption of National Pollutant Discharge Elimination System (NPDES) permit program under the federal Clean Water Act
- Cleanups at federal facilities under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) and other federal and state laws

Specific Examples of State Cooperation with Federal Programs

- Defended Army Corps of Engineers Clean Water Act permit authorizing disposal of mine tailings, allowing Kensington Mine to open
- Worked with EPA to incorporate revised DEC regulations into Red Dog Mine Clean Water Act permit
- Intervened on side of U.S. in *Point Hope v. Salazar* and *Center for Biological Diversity v. U.S.*
 - Outer Continental Shelf cases
 - challenging the OCS 5-year plan
 - challenging to OCS Lease Sale 193 (Chukchi Sea)
 - Challenging Shell's Beaufort and Chukchi Sea OCS exploration plans
- Supported U.S. Forest Service authorization of Logjam timber sale

Areas Where a Core State Interest Requires Challenge Because of Federal Overreach

- **Endangered Species Act**
 - U.S. Fish and Wildlife Service
 - Species listings
 - Critical habitat designations
- **Clean Water Act**
 - Environmental Protection Agency
 - Wetlands fill permit 404(c) elevated scrutiny
 - CD-5
 - Tanana River Bridge
 - Pre-permit scrutiny
 - Pebble prospect
- **Clean Air Act**
 - Environmental Protection Agency
 - Offshore oil and gas exploration
 - Shell Beaufort Sea drilling plans
- **Wilderness and “Wild Lands” designations**
 - Bureau of Land Management
 - Designations could tighten permit requirements
- **Patient Protection and Affordable Care Act**
 - Constitutionality

Challenges and Opportunities

- Support--as legally appropriate--**responsible resource development**
 - Develop a comprehensive long term development strategy
 - Endangered Species Act
 - Unwarranted listings
 - Unwarranted designations of critical habitat
 - Outer Continental Shelf exploration
 - Challenges when warranted
 - Clean Air and Water Acts
 - Challenges when warranted

Challenges and Opportunities

- Develop a 5-year **interdepartmental** plan
- Coordinate and cooperate
 - Legislative and executive branches of state government
 - All executive agencies
 - Department of Natural Resources
 - Department of Environmental Conservation
 - Department of Commerce Community and Economic Development
 - Department of Law
 - Department of Fish and Game

Challenges and Opportunities

- Cooperate and coordinate with stakeholders **outside *and* inside** state government
 - Municipalities
 - Boroughs
 - Native corporations and tribes
 - Other states
 - Washington and Oregon joined to de-list the Stellar sea lions
 - Allies like National Association of Attorneys General and Association of Fish and Wildlife Agencies

- Thank you
