Dear Representative Gatto,

I saw a story on page A-3 of this morning's ADN and fully support your bill prohibiting state courts from honoring foreign law such as the Islamic Sharia Law. For other members of the State House who have any doubt about passing this bill, I would ask that you share the following message and video.

I am currently reading a book titled CRUEL AND USUAL PUNISHMENT - The terrifying global implications of Islamic Law written by Nonie Darwish. If you think what the video states are not true, I encourage you to read this woman's book.

A group calling themselves "White Roses" created a video to inform non-Muslims about Islam. The name of this video is Three Things About Islam. White Roses is headquartered in Sweden. The name "White Roses" is based on a student resistance group "Die weiße Rose" in Nazi Germany. The group became known for an anonymous leaflet campaign, from June 1942 until February 1943, which called for active opposition to Adolf Hitler's regime.

I urge you to view this video and forward it to your email list. You may be familiar with the points made in this video, but many Americans are too dumb to pull their heads out of the sand to avoid confronting the problem or just simple ignorance of the crisis we face. It may not be possible to get all the Dramatis Persona to acknowledge this Islamic road to perdition but those Americans, who just do not know, out of ignorance, just might find the learning experience worth while.

As a person who has spent time studying Islam I can tell you this video is one of the best I have seen. It's short and to the point and all those points are right on!
