STATE OF ALASKA

BILL NO. HB 290

Analysis

Bill Summary: This bill would establish a new program, the Endow Alaska program. The program would identify a private non-profit as a Lead Philanthropic Organization. The state would provide funding to this entity which in turn would offer challenge grants to community foundations to help spur local philanthropy with a 1-to-1 match for every dollar raised.

The department would need to enact regulations to implement this program, and solicit, select, and award a grant to a Lead Philanthropic Organization on a yearly or periodic basis.

It is anticipated that the department can do this with existing staff resources.
