---

Thank you for scheduling a hearing in the House Judiciary Committee for HB 293, "Rights of Crime Victims/Continuances."

Since my hearing request was granted the Senate companion bill, SB 135, underwent a few technical adjustments in the Senate Judiciary Committee. I have attached a draft Committee Substitute which mirrors those changes along with an explanation of what they are. It is my hope that the committee will adopt this version so that the language in the two bills will remain consistent.

Thank you for your consideration of this request. If you have any questions or need additional information, please call George Ascott at 465-2095.
