---

February 12, 2012

To: Representative Johnson

Reference: House Bill 304, "An Act relating to the membership of the Alaska Fire Standards Council."

Dear Rep. Johnson,

On behalf of the Alaska Fire Chief's Association I want to thank you for sponsoring House Bill 304. HB 304 will allow the Alaska Fire Chief's Association and the Alaska Professional Fire Fighters Association to join with the Alaska State Firefighters Association in contributing to the success of the Alaska Fire Standards Council.

The Alaska Fire Standards Council's mission is: "To establish professional standards for fire service personnel, and curriculum requirements for the certification of training programs." The mission of the Standards Council's compliments the mission of the Alaska Fire Chief's Association which is: "To serve the people of the State of Alaska by influencing fire and emergency service programs and legislation; advancement of fire and emergency services professionals; and providing for the safety and well-being of firefighters and their communities."

Each of our associations works to improve the fire service in Alaska. The Fire Standards Council has a direct impact on how we provide those services to our residents and visitors. By having a seat on the Council we each would have a representative who would speak for all of the members of our associations and would allow us to better work with the Fire Standards Council in order to accomplish its mission.

The Fire Standards Council and its members unanimously support the inclusion of the Alaska Fire Chief's and Alaska Professional Fire Fighters Associations on the Council and we encourage all legislators to support HB 304.

I would like to again thank you for your support.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jeff Tucker", with a long horizontal line extending to the right.

Jeff Tucker, Fire Chief  
Chair, Alaska Fire Chief's Association Legislative Committee
