Approved By:	Karen Rehfeld, Director	Date:	02/01/14
Agency:	Office of Management & Budget		

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2014 LEGISLATIVE SESSION

BILL NO. HB 275

Analysis

This legislation does the following:

1. Allows a municipality, by ordinance, to provide for electronic publication by posting the notice for three consecutive weeks on a municipal Internet website, instead of newspaper publication;
2. Requires that state agencies that produce and distribute reports, post these reports on the state's Online Public Notice Website. An agency may not produce print copies of reports except as required
 - (A) under AS 14.56.120;
 - (B) by agreement; or
 - (C) by federal law; or

Requested under AS 44.99.260 or specifically approved by the head of the agency.

In preparing this fiscal note, the definition of "report" was used as defined in section 5 of the bill.

This bill results in no cost to the state. This legislation will, overall, result in a cost savings to the state, but the extent of the savings is inconclusive. The annual cost for printing state agency reports is estimated at \$530,000 statewide. Many state agencies currently distribute reports electronically when possible, and do not realize contracted printing costs. Also, the bill allows the head of a state agency to approve the printing and distribution of reports. It is unknown how many heads of state agencies or how many reports, or quantity of reports, may be printed as a result.

Also, if persons want a printed copy of a report, they can obtain a copy from the State Library Distribution and Data Access Center. The additional requests that libraries may receive for printed reports and the cost to libraries of fulfilling those requests is unknown. The bill will most likely result in a cost savings, however the extent to which the savings is realized is inconclusive.
