Subject: HB 212

Representatives,

I am a military spouse living on Joint Base Elmendorf-Richardson in Anchorage. It was just brought to my attention that you are the sponsors of HB 212. Thank you very much for sponsoring this Bill. I am very much in support of it and sincerely hope it passes. I have been married to my active duty spouse for 18 years and have moved 10 times during our marriage. We are Florida residents and vote in that state. I was surprised when I moved to AK and was told that spouses weren't exempt from the requirement to get an AK drivers' license, as our active duty spouses are. It is very difficult every time we move to obtain the required licenses required to drive and work in a new state. The passing of HB 212 would be a great benefit to military spouses here! I find that AK is very supportive of the military and it would be nice to support their spouses as well. Thanks again for sponsoring this issue.
