Note: Reporting level headcount is unduplicated. Academic Organization (AO) headcount totals add up to more than university totals and university headcounts add up to more than the system total. This occurs because it is common for students to be concurrently enrolled at multiple AOs and/or multiple universities in the same semester. Therefore, some students would be double counted if headcounts were summed across AOs and universities. Headcount includes students who audit for-credit courses and does not include students taking non-credit courses.
