SB 127 Vehicle Transaction Agents Explanation of Changes

The change between version U and version A of SB 127 simply allows for the businesses acting as vehicle transaction agents to use the acronym "DMV" or similar reference in their signage and marketing. Currently, the state's policy on this is unclear and has led to confusion and complications for both the state and the businesses contracted to provide these DMV services.

By explicitly allowing this practice in statute, this confusion will be removed and the businesses will be allowed to accurately advertise the services they provide.

Please join me in supporting Senate Bill 127.

Please contact Forrest Wolfe, 465-4843, if you need any further information.
