Since long before statehood, Alaska has enjoyed a long history rich with the subsistence, social and cultural benefits, as well as the generational outdoor traditions derived from Alaska's hunting culture. Such traditions and the outdoor legacy in the best interest of all Alaskans, is most effectively passed on to the next generation by encouraging young people to hunt responsibly.

The Board of Game currently possesses the ability to establish special hunts to ensure the responsible instruction and indoctrination of young hunters. This bill will give the board more flexibility to establish youth hunts.

Encouraging youth to responsibly participate and carry on Alaska's great hunting tradition and outdoor heritage is very important for youth development and quality multi-generational outdoor experiences. I hope you will consider supporting this important bill.
