## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2014 LEGISLATIVE SESSION

BILL NO. SS HB194

### Analysis

The proposed legislation would vacate the Revised Statutes of the United States (R.S.) 2477 Copper Center-Valdez right-of-way, referred to as RST 633 in statute, for those portions that overlap public easements established in 17(b) easements of the Alaska Native Claims Settlement Act.

In addition it would add a new section to AS 19.30 that would limit uses and size of R.S. 2477 rights-of-way that cross privately owned land: width not to exceed 60 feet; uses of the route established on October 21, 1976; used for transportation purposes excluding rest areas, parking lots, overnight camping, boat launches, recreation sites, or similar uses.

The proposed legislation would include a secondary easement to enter, inspect, repair, maintain, and improve the right-of-way under certain conditions. It also allows for re-alignment due to damage by natural causes that are beyond repair, but restricting transportation options to pre-1976 uses.

There will be no fiscal impact to the department.
