Agency:	Health & Social Services		

## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2014 LEGISLATIVE SESSION

BILL NO. HB373

### Analysis

AS 47.38.020 would require the commissioner of the Department of Health & Social Services (DHSS), in cooperation with the commissioner of Corrections (DOC) to establish a twice-daily alcohol testing and random controlled substances testing program for defendants with release conditions, offenders with conditions of probation or parole, and offenders required to participate in an alcohol or other controlled substances testing program as a condition of receiving a limited license in place of using an interlock device. This testing program will monitor for any use of controlled substances or alcoholic beverages by participants of this program and report back to the Alaska Court System, Dept. of Motor Vehicles, or the Alcohol Safety Action Program.

This bill will create some additional monitoring and reporting activities of the testing activities for ASAP offices, similar to the current process with substance abuse treatment requirements. No additional staffing should be required. Fiscal impact is not anticipated.
