Hey Daniel,

Sorry I didn't get this to you before I left work.

Between 2004-05 school year and 2012-2013 school year 2968 students received a Certificate of Achievement. Of those 623 have since returned to take and have passed the HSGQE to earn a high school diploma. Around 2345 students of those cumulative 2968 since 2004-05 do not have a high school diploma to date. Forty-eight (48) percent have a disability.

I believe this is the information that Rep. Costello was seeking. Please let me know if I missed the mark on the request so to speak.

Thanks Daniel. Please let me know if you have questions.

Marcy
