FISCAL NOTE ANALYSIS #2

STATE OF ALASKA
2014 LEGISLATIVE SESSION

BILL NO. CSSB 169(HSS)

Analysis

The bill establishes a statewide immunization program. Health insurers and participating providers fund the program by paying an assessment fee. Medicaid is included in the definition of health insurer but is exempt from participation until federal approval is obtained. In order for Medicaid to pay the assessment fee the state of Alaska must seek federal approval to expend Medicaid dollars to pay the assessment fee versus individual pharmacy claims. If federal approval were granted, Health Care Medicaid Services could potentially see a cost savings; however, at this time we are unable to determine if Medicaid will receive Federal approval and thus we are indeterminate in our estimation of cost and cost savings.
