A Resolution Urging the Legislature to Support Legislation to Address Metals Theft (14-11)

The theft of metals and subsequent sale as scrap is a growing problem across the nation and for Alaska utilities and contractors. These metal thefts result in power outages, lost productivity and needless expenses to all electrical customers. Further, the theft of ground wires creates dangerous conditions for workers and the public.

Many states have enacted laws to allow legal scrap metal recycling while minimizing metal theft by requiring identification of all customers, trackable payments, and between two and seven years of recordkeeping of all businesses purchasing scrap metal.

Alaska Power Association urges the Alaska State Legislature to support legislation to address metals theft.
