BILL # or SUBJECT: SB138

COMMITTEE & DATE: HRES 033114

We would like to urge our senators to pass Senate Bill 138.....

This is first of all gas that belongs to Alaskans. So, build a gas-line to Nikiski so we as Alaskan are served first. Whatever it costs it will be worth it for Alaskans to have unlimited amounts of natural gas. Please make the Alaska LNG project go to completion.
