Dear Representative Seaton and Committee Members,

Re: Board of Fisheries Confirmation

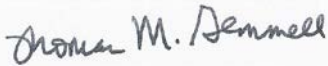

We are pleased to **SUPPORT** the confirmation of John Jensen and Susan Jeffrey to additional terms on the Board of Fisheries.

Both nominees have demonstrated that they are fair, can understand the large volumes of information presented to the board, and are able to come to sound conclusions based on facts and the law.

United Southeast Alaska Gillnetters Association represents the common interests of 473 gillnet permit holders in the fishery.

We appreciate you taking the time to consider our comments.

Sincerely,

Thomas M Gemmell
Executive Director
