Hi Patricia,

The estimate for Izembek is \$21m, of which \$18.9 is federal authority and \$2.1m is match.

I have requested the official project name and description from Western Federal Lands who is doing the environmental document, so that the language will be consistent in your request. I know you need it tomorrow so I'll get it to you as soon as I receive the info.

Thanks,

Connie

Connie –

Senator Hoffman needs the amount/cost estimate to build the 10 miles of road for the Izembek road. He also needs the legal language to put this into a capital budget amendment. Fund source will be federal funds.

Any questions, give me a call.
Thank you.
