

I Support Barnette Magnet School Phase 4 Funding in the Capital Budget

Please vote to finish our school. Assure Phase 4 funding for Barnette Magnet School in the Capital Budget this year. Currently we have three phases of renovations connected by a building full of asbestos, mold, lead paint, leaking pipes, energy wasteful windows and an unstable-unsafe wing. The students call it the "Ghetto"! As a centrally located building, the Fairbanks community utilizes our facility for numerous events outside of the regular school day. Youth soccer, basketball, volleyball, gymnastics groups, professional development classes, professional organizations and most recently the Arctic Winter Games have all used the building on evenings and weekends. This funding will pay for itself in energy savings, as the renovation would connect the entire building to residual steam heat from the local power plant, resulting in significant savings in heating costs. Your vote in support of Phase 4 funding for Barnette Magnet School in this year's Capital Budget is the right thing to do.

Thank you for your public service!

Dear Rep. Guttentburg, We need money for re-building the second wing in Barnette magnet school. Please vote for money to be put on construction for the second wing, Because in Ms. Colleen's class there are pipes on the ceiling. If you came to Barnette magnet school, and if you saw the old part of the school, You would want to fix it. If you went to Ms. Colleen's class room, You would be able to clearly see pipes on the ceiling. Please help us. You are welcome to come and look at the new wing and

the old one.

Sincerely, Kaija Quinn Vick.

4-9-14

Dear Rep. Feige,

We need money for phase 4 of Barnette magnet school. This will help to build a new part of the school. There was a whole bunch of leakage in our class. Also our water fountain didn't work for a half a year. Ms. Wittes class is very dark and needs new windows. Can

you come and look and
see what needs to be fixed?

from
Kaden Miles.

Tracy

4-9-14

Dear Rep. Tammie Willson
Please help our old part like
room 207 at Barnette
Magnet School because
our water fountain is broken.
Can you probably come to
our school and see. Please
help fund our next school
project.

Sincerely
Tracy Loftin.

Dear Senator Kawasaki,

Please fund our School, Barnette Magnet School, for phase four. Last year the water fountain in my class room didn't work for half of the year. You should come and see the old wing. The Capital Funds Project finished half of the school, why can't they finish the rest? The kindergarten class rooms have pipes running through the ceiling and so does Miss. Calleen's room. The hall ways are dim and the class rooms have problems. These all are in the old wing. Please vote for funding phase four. Thank you for your time.

Sincerely

June

Ganguli

Dear Representative Thompson,
Our School needs Money to Start
Phase Four of remodeling our School.
The gym was rebuilt and the new
Wing was constructed, but the old
Wing is still the same. The water is
warm and in some rooms the fountains
don't work at all. In winter Mrs. Bennett's
room is very warm and we cannot
use a fan. Both the Kindergarten
classes have pipes sticking out of
the ceiling and the hallway are very
dim. Please help us and fund this
project.

Sincerely,

Ava Jelinek, a Barnette
Student

April 9, 2014

Dear Senator Kelly,

My school Barnette magnet

needs money to fix our old

classrooms. Last year my classroom

was a old classroom. I really wish

it would be fixed. The old halls

are very dim and I wish they

weren't. Our new halls are very

bright. We want our halls to be

the same. We LOVE our school.

It would be phase 4. Please

please please fix it.

Sincerely,

Sophia

Dear Senator John Coghill April 9, 2014

Please put money into our school budget
to make the old part of Barnette Magnet School like
the new part. We love Barnette and we appreciate
the new part we hope you can come and look and
make it like the new part. Thanks and we appreciate
your help

Sincerely,

Brianne

Dear Senator Bishop,

Can you please put some money in our

sl.1 Barnette Magnet school budget. My

class is very old and our water

fountain as not been working for the

whole school year. Our carpet is all

stained. It is very dim in the old

wing. There is visable peepp in the kindergarden

room and my sister is in that class and

she says it is annoying. Please Please help

us.

Sincerely

Elizabeth
Barnette
Magnet
school

Dear Rep Hoffman, we
We need money in the education
budget for our school. The new wing
looks different from my old class. The
old wing is rusty and old. Please help
us clear out the pipes from
the fighter garden room and
get new ceilings. The ceiling
has little tears and need replace-
ment. Please help us fix the
old wing

Sincerely,

Wynter, Rachelle

P.S PLEASE Help!!!

April 9. Wednesday

Dear Rep. Higgins, last

Year my classroom water

Fountain wasn't running for half

the Year and Miss. Colleen's

classroom has pipes all in the

Kindergarten room and Miss. Colleen's

room. In the New part It is

Very bright and the old part It is very

blare. At Barnette Magnet school

We love it so please help us

provide money for are school

Love

Shyann

Dear Representative Wilson,
Please vote for money
for our next phase. Our new
gym is nice but we need
new classrooms. In some
classrooms you can see
some pipes. Thank you
for your time.

From, Addelyn

Dear I Rep. Isaacson,

Please help us! Our school needs money to fix our old wing of our school. I have an old class and ~~so~~ does my friends. The old wing has dim lights, dark carpets and broken water fountains. I want you to come look and see what I mean. Its ~~ok~~ if you don't, but if you do that would be great.

from

Josh Belue

PS. Why can't the Capital project fund us again to finish our school?
