WRITTEN TESTIMONY

NAME: A. Susan Smalley, Hal Smalley
REPRESENTING: cancer survivor, child of 2 parents who died of lung cancer
BILL # or SUBJECT: SB 209
COMMITTEE: Finance **DATE:** 4/11/14

Thank you for bearing this testimony. We both came at 9 a.m and 1:30 p.m but were unable to be here tonight

We support passage of SB 209 without the opt-out provision and to include e-cigarettes.

Unhealthy air in workplaces affects us all. Mounting health care costs are spread to all of us in the state.

Neither of us have anything to gain except a healthier community where workers have choices about work places, not based on toxic air.
