

AIRCRAFT OWNERS AND PILOTS ASSOCIATION

February 25, 2013

Representative Peggy Wilson, Chair
House Transportation Committee
State Capitol, Room 406
Juneau, AK 99801

Dear Representative Wilson:

The Aircraft Owners and Pilots Association (AOPA) is a membership organization consisting of over 400,000 pilots and aircraft owners. Over 4,400 of our members reside in Alaska. AOPA is committed to the health and viability of aviation and airports in Alaska, and across the nation. Thank you for taking up the issue of creating a state funded transportation program for Alaska.

AOPA supports the concept embodied in HJR 10, HB 122 and HB 123, to establish a transportation infrastructure endowment fund for Alaska. The endowment is to be dedicated to funding projects that maintain and improve our public infrastructure, including airports, roads and marine facilities. We can speak to the tremendous need for improvements within the airport system that benefit all the citizens of the state. Our aviation system is absolutely essential for the 82% of Alaskan communities that are not on the road system, many of which rely solely on aviation for year-around access. In addition, the road-system airports provide the ability for aircraft to connect with rural communities, creating literally a lifeline for the movement of goods, services and people within the state.

Thank you again for undertaking this legislation. I look forward to working with you and your committee on this initiative to address the needs of the state's transportation system.

Sincerely,

Tom George
Alaska Regional Manager
