Key Benefits of Product Development Tax Credit

- Promotes development of value-added salmon and herring products, leading to greater product diversity
- Stimulates product development of underutilized specie (herring) and waste byproduct
- Softens financial impact of potential changes to EPA effluent guidelines in non-remote locations
- Incentivizes investment to produce canned salmon in sizes appropriate for today's market conditions

Challenge: Salmon Can Size

Too Many Ounces, Too Much \$\$\$ (*price per case*)

Challenge: Herring
