FISCAL NOTE ANALYSIS

STATE OF ALASKA
2014 LEGISLATIVE SESSION

BILL NO. HB 385

Analysis

By infusing cash into retirement trust funds, this bill will reduce state contributions on behalf of employers as required for the Teachers Retirement System (TRS) under AS 14.25.085 and the Public Employee Retirement System (PERS) under AS 39.35.280.

The cash infusions are contingent on the approval of an appropriation from the Constitutional Budget Reserve Fund (Article IX, Section 17, Constitution of the State of Alaska) of \$2 billion to the Teachers Retirement System and an appropriation of \$1 billion to the Public Employees Retirement System (PERS) for the fiscal year ending June 30, 2015. The cash infusions will increase the funding ratios of both systems to 70% or more by FY18.

The appropriation would be allocated to the PERS and TRS trusts as follows.

PERS: \$1,000,000,000
TRS: \$2,000,000,000
 Total: \$3,000,000,000

The deposits to the trusts would be attributable to employer type based upon the following estimates:
